

REPORT 20 DIE IN WRECK

Crack Pennsylvania R. R. Flyer In Wreck Near Altoona

Britons Hoping For Relaxation Of Restrictions

Coal Ships And Trains Continue To Reach London, But Restrictions Unchanged

FOOD SHORTAGES ARE NEW WORRY

(BULLETIN)
LONDON, Feb. 18.—(INS)—Britons looked anxiously today for some relaxation in the nation's drastic fuel restrictions as a result of a scheduled meeting of the special coal committee which reports to the cabinet this afternoon.

Coal ships and coal trains continued to reach London. But as yet there was no sign of the lifting of coal use restrictions.

And there was no sign of a let-up in the cold wave.

Hope For Relaxation

Despite a continuance of severe winter weather, it was expected that the improved coal situation in which stockpiles at power stations have been considerably increased will permit some relaxation.

There was great hope that at least a date can be set for a partial switch-on of power to numerous industries which were forced to close.

Power cuts to domestic users are expected, however, to continue in effect for many weeks. The outlook for householders is far more of the same chill they have endured since the start of restrictions Feb. 10.

Food Shortages Too

The populace had the added worry of new shortages in most rationed foods. This situation followed the shutting down of canning and bottling plants. Reserve stocks were reported disappearing rapidly from grocers' shelves.

With all available coal supplies

(Continued on Page Two)

PA NEWC OBSERVES

Mrs. Robert Chappell, 826 Franklin avenue, reported to Pa. Newc that she was using her telephone over the week-end when she discovered a large raccoon mounting her porch steps and attempting to get in the house. After several attempts, the raccoon perched on its hind legs making sort of a bow as much as to say goodbye and then left the porch.

State highway employees were engaged this morning on the Public Square installing a new sign informing the motorists that route 422 has a by-pass. The sign bearing the word "by-pass" was erected atop the previous arrow that was put there by the department. Many out of town motorists are daily making use of the new route.

A Union township resident informed Pa. Newc this morning that he was burning some waste material on his property over the week-end when he discovered a large group of ducks flying very low toward the south. This is quite unusual for this season of the year.

Pa. Newc noticed a Doberman pinscher dog guiding a blind man along Washington street Monday evening. Usually German shepherds are used by the blind as seeing eye dogs.

Although football season has been over many months and it is a long way until next season, a group of boys at the North street grade school were getting in practice on Monday afternoon. The mild weather permitted the boys to maneuver the piskin around with their bare hands despite the February weather.

Jack Anthony, a student in grade six at the North street building, has received a nice letter of thanks from Christo: Evangelou Daphios of Serres, Greece, in which he expresses his gratitude for the receipt

Daily Weather Report

United States weather statistics for the 24-hour period ending at 9 a. m. today follow:

Maximum temperature, 33.
Minimum temperature, 31.
Precipitation, traces snow.
River stage, 7.6 feet.

Statistics for the same date a year ago, follow:

Maximum temperature, 52.
Minimum temperature, 14.
No precipitation.

See Compromise On Truman Budget Cut

By ARTHUR F. HERMANN
(U. S. Staff Correspondent)

WASHINGTON, Feb. 18.—Congress appeared to be headed today toward a compromise cut in President Truman's budget somewhere below the six billion dollar reduction approved by the Joint Congressional Budget committee.

Some Senate "guesses" placed the eventual cut at five billion dollars. A modification of the figure was foreshadowed in Senate and House budget activities.

The 51 Republican senators were called to a meeting to discuss the proposed reduction in the administration's thirty-seven and a half billion dollar spending program for the 1948 fiscal year.

The meeting was ordered after the Senate Republican Policy committee decided that the full GOP membership should pass on the size of the cut to be made.

In the House, meanwhile, the Rules committee was scheduled to

President's 'Tip'

Proud Georgia Belkreeger, 17, of Grandview, Mo., exhibits the crisp new dollar bill which President Truman autographed and presented to her after she served him a "blue-plate special" in her father's cafe and refused to accept payment. The President went to the cafe during his trip to Grandview to visit his 94-year-old mother, who fractured her right hip in a fall. (International)

Brotherhood Week Is Being Observed

City-wide observance of "Brotherhood Week" has been launched by the Protestants, Catholics and Jews of the city, under the sponsorship of the Good Will Conference, and will continue until Saturday, February 22, the birthday of the father of our country, George Washington.

The promoting of better living with our fellow men is being emphasized and the fair treatment to those we call "brother." A community of better understanding is encouraged, and administering of good will.

Last Friday an exchange of pulpits prepared the spirit of "brotherhood" among members of the clergy and rabbis. This week a series of

State Troopers Guard Capitol At Albany, N. Y.

ALBANY, N. Y., Feb. 18.—(INS)—Three hundred state troopers armed with riot sticks today barred the state legislative chambers against a demonstration by a New York City housing delegation.

Orders to the troopers to ring the capitol and close the galleries of both senate and assembly came after Sen. Benjamin F. Feinberg, senate Republican leader, labelled the leadership of the "march on Albany."

"Rabble rousers, reds and their fellow travelers."

Authorities were warned of the sponsorship of the demonstrations by publication of notices in the Daily Worker, Communist newspaper, urging its readers to join the march.

The demonstrators came to Albany this morning on a special train chartered by a group that calls itself the emergency committee on rents and housing.

The sponsors claimed that with update delegations that were to join them here the "marchers" would total more than 1,000.

CHALLENGES PLACING BIBLES IN SCHOOLS

DENVER, Feb. 18.—(INS)—Samuel D. Morin, Denver attorney, today challenged the constitutionality of placing portions of the Bible in Denver public schools.

Menin told the Denver school board that distribution by the Gideon Society of copies of the Psalms, Proverbs and the New Testament to Denver public school pupils "departs from the basic principle upon which our country is founded."

Indiana Train And Bus Crash Takes 13 Lives

Electric Train And Bus Hauling Track Workers In Tragedy At Michigan City

MICHIGAN CITY, Ind., Feb. 18.—(INS)—The casualty toll of a crash between a Chicago South Shore electric train and a company bus was counted at 13 dead and 16 injured today.

All of the dead and all but two of the injured were track workers on their way home from work yesterday when the bus was struck by a Chicago-bound train on a crossing near Springville, five miles east of Michigan City.

The impact of the collision cut the bus in two and hurled the rear half into a field. Wreckage and bodies of the workers were scattered along the right-of-way for almost 1,000 yards.

Going 65 Miles Per Hour

South Shore Line officials estimated the train, which operates

Britain To Make Charges Against Albania In U. N.

LAKE SUCCESS, N. Y., Feb. 18.—(INS)—The United Nations Security Council was to hear Britain charge Albania with responsibility for the death of 44 British seamen today before undertaking the crucial clash between the United States and Russia over an atomic control system.

Sir Alexander Cadogan, British delegate to the council, was to present the British charge that illegal Albanian mines in the Corfu channel resulted in the destruction of two British warships last year.

The council was called into a special morning session to begin consideration of the British-Albanian dispute after Hysni Kapo, Albanian representative, arrived in New York over the weekend. Britain contends that Albania should be required to pay indemnities for the loss of life and the ship sinkings.

The decisive debate on the initial report of the UN atomic energy commission, which embodies the American-sponsored Baruch plan for creation of an atomic control agency, will occur at the afternoon meeting.

Report American Steamer Hits Mine In Mediterranean

ALEXANDER, Feb. 18.—(INS)—The United States steamer Kalliopti which hit a mine yesterday in the Mediterranean was reported making its own way today to the island of Crete.

The latest message received from the vessel said it was in no immediate danger of sinking. No casualties were suffered as a result of the mishap.

The Kalliopti, enroute from America to Beyrouth, Lebanon, sent an immediate distress signal after hitting the mine. It was feared then that the ship might sink.

Five In Family Burn To Death

CHICAGO, Feb. 18.—(INS)—A mother and her four children were burned to death early today in a fire that swept their one and a-half story home in suburban Harvey.

The victims were identified as Mrs. Nona Hoover, 43, and her children, Violet, 13, Linda May, 1; James, 12, and Robert 7.

A roemer, Walter Wade, 43, said he awakened shortly after midnight in his first floor bedroom to find the entire house in flames.

Wade, whose face and legs were seared as he ran to safety, said that Mrs. Hoover and the children slept in the upper half-story of the cement block structure.

REFUSE TO MOVE UNRRA COAL CARGO EXCEPT TO BRITAIN

PHILADELPHIA, Feb. 18.—(INS)—A British freighter was reported "stranded" in the Delaware river today with more than 7,000 tons of bituminous coal, an UNRRA shipment destined for Italy.

The reports said the crew of the Empire Magpie refused to operate the vessel unless its cargo is diverted to England to help ease the current fuel crisis.

Indications Are Seen Draft Likely Ended

WASHINGTON, Feb. 18.—(INS)—War department officials strongly indicated today that the draft has ended.

While spokesmen refused to say at this time that the action is official, they admitted there was "some basis for truth" in such speculation.

Administration officials were said to have accepted war department recommendations to let the selective service law expire March 31 and press, instead, for legislation authorizing a system of universal military training.

Under the reported plan the present draft holiday would continue through March.

A war department spokesman said the recommendations as to the future of the draft has "gone to the future."

Use Altoona Hotel And Canteen For Housing Injured

ALTOONA, Pa., Feb. 18.—(INS)—The Altoona Canteen and the Penn Alto hotel were pressed into service today as "emergency hospitals" to receive some of the injured in the wreck of the Pennsylvania railroad's crack passenger train—the Red Arrow.

The U. S. O.'s adjacent to the railroad depot. The hotel is nearby.

Most of the less critical patients, after they were treated at the Altoona general hospital and the Mercy hospital were transferred to the hotel and the canteen.

Unknown Frontiers Shrink Before Byrd

By H. D. QUINN
Representing the Combined American Press (Distributed by International News Service)

LITTLE AMERICA, Feb. 16.—(Delayed)—(INS)—The flags of the United Nations plummeted to the metallic-glistening snow at the bottom of the world today as Rear Adm. Richard E. Byrd flew again over the South Pole, climaxing 48 hours of the most spectacular exploration in history.

Byrd and 11 other men, flying in two navy transport planes, roared across the pole at exactly 5 A. M., Little America time (11 A. M., EST), at an altitude of 12,000 feet above sea level—only 2,400 feet above the snow which forms the core of the great antarctic ice cap.

The two planes which crossed the pole were the last of 10 to leave the

Lieut. Gen. Clay Issues Warning On Budget Cuts

BERLIN, Feb. 18.—(INS)—Lieut. Gen. Lucius D. Clay, deputy military governor, warned today that if the United States army does not get budgetary funds requested "We will not accomplish our objectives in Germany."

Gen. Clay made his statement at a news conference in reference to proposals in Washington for cuts in the army budget. He declared that the army had "asked for very minimum funds."

The general then expressed his personal opinion that there can be no final peace for Germany without a permanent or at least a provisional Reich government. But he said a provisory peace arrangement is possible.

Gen. Clay said that the allied control council in Berlin will be on schedule with its report on Germany for consideration of the Big Four Council of foreign ministers which meets in Berlin March 10. The report is due to be submitted on February 25.

Bank Messenger Robbery Victim

LYNN, Mass., Feb. 18.—(INS)—A bank messenger was held up and robbed of \$1,029 in cash today and \$27,000 in non-negotiable securities.

An old black car stopped as the messenger, whose identity was withheld by authorities, was walking along busy Oxford street.

Two men jumped from the car, one pressed a pistol against his back, and the second grabbed the bag containing the money and securities and a brown paper bag which contained his wife's dress. The bandits then fled.

COLONEL DUE IN TOKYO TO EXPLAIN HOARD OF DIAMONDS

TOKYO, Feb. 18.—(INS)—Col. E. J. Murray was scheduled to arrive in Tokyo today for questioning in connection with \$260,000 worth of undeclared diamonds found in his possession at San Francisco.

Murray, whose home is in Palo Alto, Cal., is a former custodian of the vaults at the Bank of Japan. He was ordered flown back to Tokyo by General MacArthur.

New Castle Navy Youth Injured

Reported among the injured in the Pennsylvania railroad "Red Arrow" limited wreck 10 miles west of Altoona, early this morning is Apprentice Seaman Charles L. Preisel, 17, son of Mr. and Mrs. Joseph F. Preisel, 936 Marshall avenue, this city. The young man had been home on a furlough after completing boot training at the Bainbridge, Maryland, Naval Training Station and was enroute back to his base. He enlisted in November, 1946.

Young Preisel left his home last night at 7 o'clock for Pittsburgh where he boarded the "Red Arrow" limited.

Report this afternoon through the railroad offices said he was not seriously hurt.

The injured naval personnel were to be taken to the Marine hospital at Pittsburgh.

Partial List Of Injured In Train Wreck Given

ALTOONA, Pa., Feb. 18.—(INS)—Following is a partial list of those killed and injured today in the wreck of the Pennsylvania railroad's crack passenger train, the Red Arrow.

The Dead:

J. L. Parascok, of Altoona, fireman on the first engine.
M. E. McArdle, of Scottsdale, Pa., engineer of the second train.
R. K. Henry, of Deery, fireman on the second train.
John A. Drumm, DuBois, Pa.
Mrs. Sadie Taylor, New Castle, Delaware.
Pvt. George A. Stacy, Fort Dix, N. J.

The Injured:

James E. Hartley, of Monaca, Pa.
Albert J. Metoney, of Beaver Falls, Pa.
Robert M. Sanche, Inkster, Mich.
James G. Ross, of Detroit.
Chester J. Bialecki, of Pittsburgh.
Arthur E. Harrison, Detroit.
Donald L. Powers, of Akron, O.
Charles L. Preisel, of New Castle, Pa.
Stanley C. McNeff, of Detroit.
Charles R. Dumbaugh, of Pittsburgh.

The above injured are navy personnel returning to the Bainbridge naval training station, Maryland.

The navy personnel injured are all apprentices seamen.

Dumbaugh, the most serious injured, suffered a smashed face and

Merrick Wallows In 'Mountainous' Antarctic Seas

By LEE VAN ATTA
(U. S. Staff Correspondent)

ABOARD THE U. S. MOUNT OLYMPUS IN ANTARCTICA, Feb. 18.—The crippled Navy transport Merrick wallowed helplessly in mountainous seas today midway between Scott Island and New Zealand.

Crewmen poured oil over its side in an effort to lessen the assault of 30-foot waves whipped by 50-knot winds.

Three other vessels of the U. S. Navy Antarctic expedition hovered by as closely as the violence of the gale would permit.

The Merrick radioed that the 324 aboard are in good condition.

Weather reports indicated that savage weather will continue to menace the ill-starred transport, whose rudder was crushed and plates ripped by storm-tossed icebergs last week in the Ross Ice Barrier.

Plane Dives Into Columbia River

VANOCUVER, Wash., Feb. 18.—(INS)—Army authorities launched an investigation today into the mysterious dive of a P-51 plane at 500 miles an hour into the Columbia river below Vancouver, killing a reserve AAF pilot from Portland.

At the controls when the mishap occurred yesterday was Harry C. Molvar, 30, who was making his first flight in one of the best pursuit ships.

Molvar, a veteran at flying C-47s during the war, had 30 hours flying preparation for the P-51 flight. His body has not been recovered.

Part Of Train Plunges Down Embankment

Wreck Occurs Near Site Of Famous Horseshoe Curve On Railroad Line

SCORES INJURED; TAKEN TO ALTOONA

(BULLETIN)

By JACK WARD
(U. S. Staff Correspondent)

GALLITZIN, Pa., Feb. 18.—(INS)—Twenty persons were reported killed and an estimated 80 injured today when a crack Pennsylvania railroad passenger train jumped the track and plunged 150 feet down a ravine 10 miles west of Altoona.

Among the dead were listed 17 passengers and three trainmen. A large number of those injured were army and navy personnel.

Coroner Daniel Replogle of Cambria county said he expected the death toll to mount.

GALLITZIN, Pa., Feb. 18.

Two engines of a crack passenger train jumped the rails on a winding mountain curve this morning and carried five of their 14 cars to a splintering crash down a 200-foot embankment, killing 10 persons and injuring more than 85.

The derailed flyer was the Pennsylvania Railroad's "Red Arrow," enroute east from Detroit. Immediate cause of the disaster, which occurred on Bennington curve in the Allegheny mountains, was not known.

Railroad spokesmen said the dead included three trainmen and seven passengers, and indicated that the toll would rise. A 14-car hospital train was dispatched from Altoona.

Truck Crashes On Way To Fire

Drivers Escape When Second Ward Truck And Coal Truck Collide At Mill And North

ENROUTE TO FIRE ON SHADY SIDE

Second ward fire truck and a coal truck owned by Salzano's, coal dealers, of 1020 Croton avenue, were damaged in a collision at 11:45 o'clock this morning, when the fire truck, answering an alarm from Box 43, on Grove street, sideswiped the coal truck at the intersection of Mill and North streets. No one was injured.

R. Harold Blewitt, driver of the fire truck stated, that although the light was against him, he was blowing his siren continuously. Clyde Salzano, driver of the coal truck, was knocked from the truck but escaped injury outside of minor bruises, it was stated.

Both trucks were considerably damaged, the front of the coal truck being caved in, while the running board was torn loose on the right side of the fire truck.

An old black car stopped as the messenger, whose identity was withheld by authorities, was walking along busy Oxford street.

Two men jumped from the car, one pressed a pistol against his back, and the second grabbed the bag containing the money and securities and a brown paper bag which contained his wife's dress. The bandits then fled.

COLONEL DUE IN TOKYO TO EXPLAIN HOARD OF DIAMONDS

TOKYO, Feb. 18.—(INS)—Col. E. J. Murray was scheduled to arrive in Tokyo today for questioning in connection with \$260,000 worth of undeclared diamonds found in his possession at San Francisco.

Murray, whose home is in Palo Alto, Cal., is a former custodian of the vaults at the Bank of Japan. He was ordered flown back to Tokyo by General MacArthur.

Mine Sealings Pressed Despite Wintry Weather

State Sanitary Water Board Going Ahead With Operations In Three Counties

HARRISBURG, Feb. 18.—(INS)—State sanitary water board mine sealing operations were being pressed in western Pennsylvania today despite wintry weather.

The board reported that four "wet seals" were under consideration—two in Clearfield county and one each in McKean and Clarion counties. The sealings were confined to abandoned mines.

"The purpose of the mine sealing is to prevent air coming in contact with mine waters and sulphur-iron compounds causes the water to become acid," the board said.

"Dry openings are closed by grading with a bulldozer," it was explained. "Wet openings are sealed by laying pipe lines from the opening into a concrete box which serves as a seal against air entering the mine. The water flows through the box to the streams in a clear condition."

The Clearfield county sealings were located at the Tickelback and Manhattan mines on the west branch of the Susquehanna river. Two wet and two dry sealings have been completed in that area.

The Gumboot mine in McKean county was in the process of being sealed, the board said. In Clarion county, where 13 mines have been shut, another sealing operation was underway.

In the spring, the board said, sealing operations will be carried out in Tioga and Lycoming counties along tributaries of the west branch of the Susquehanna river and in Armstrong county along tributaries of the Allegheny river.

BRITONS HOPING FOR RELAXATION OF RESTRICTIONS

(Continued from Page One)

being diverted to power stations and essential industries, the fuel ministry warned that the normal coal allowance for heating of residences may be curtailed.

This announcement brought the respect that March and April allotments—896 pounds per household in Southern England, and 1,680 pounds in Northern England—may not be met.

It was estimated that at least five million out of 14 million users entitled to domestic coal will not receive their full allowance during the March-April period.

PUNXSUTAWNEY FIRE

PUNXSUTAWNEY, Pa., Feb. 18.—(INS)—Fire believed started by a short circuit in the wiring today destroyed the new, modern kitchen in the Punxsutawney Elks lodge with a loss estimated at \$5,000.

SEE COMPROMISE ON TRUMAN BUDGET CUT

(Continued from Page One)

hold a hearing on a Republican proposal to route the reduction of the floor under procedure which would bar all amendments or changes in the figure.

Caucus Called

In advance of House deliberations however, the Republican majority in the House also was called into a caucus Wednesday to discuss the cut.

The interrelationship between the budget reduction and the proposed 20 per cent tax cut will be illustrated once again. Rep. Knutson (R) Minn., chairman of the Ways and Means committee, announced that hearings on the tax cut bill would be delayed until the budget matter has been finally determined. The tax reduction hearings were scheduled to begin tomorrow.

Knutson said this delay also would cause a delay in reciprocal trade hearings before the Ways and Means committee. These hearings had been scheduled to begin February 24, but now will await completion of the tax hearings.

The Senate passed and sent to a Senate-House conference, the measure to continue high wartime excise tax rates on luxuries for an indefinite period.

INDIANA TRAIN AND BUS CRASH TAKES 13 LIVES

(Continued from Page One)

between South Bend, Ind., and Chicago, was running about 65 miles an hour as it approached the crossing.

H. E. Willard, 50, of South Bend, the train policeman, said he saw the bus driver, Glenn Morris, 27, of Michigan City, wave at a man on the highway and drive into the crossing. Morris was killed and Willard suffered hand and arm injuries.

Most of the front portion of the bus, where a majority of those killed were riding, was carried several hundred feet down the track. The injured were taken to hospitals in LaPorte, Ind., and Michigan City. All are expected to survive.

The bus, operated by the company to transport section hands from Michigan City to work, had picked up the men at Andrews siding and was proceeding toward Michigan City when the crash occurred.

FIRE AT SEIBERLING PLANT

AKRON, O., Feb. 18.—(INS)—A flash fire today caused damage estimated at \$25,000 to a cement storage building at the Seiberling Rubber company plant in suburban Barberton.

Three workers escaped from the building a moment before an explosion ripped the roof from the building. Firemen extinguished the blaze within a short time.

Static electricity from a drive belt was blamed for the fire.

The milk bottle was invented in 1884 by Dr. Hervey D. Thatcher, of Potsdam, N. Y.

Deaths Of The Day

(Continued from Page One)

Mrs. Bush Funeral Time

Funeral services for Mrs. Frank Bush, rear 605½ Spruce street, will be held Thursday at 2 p. m. in the Offutt funeral home. Friends may call today and Wednesday, 2 to 4 and 7 to 9 p. m. Interment will be in Greenwood cemetery.

King Funeral Time

Funeral services for John C. King, Grandview avenue, will be held Thursday at 2 p. m. in the Joseph B. Leyde mortuary, Dr. R. M. Patterson in charge.

Friends may call tonight 7 to 9 p. m., and Wednesday, 2 to 4 and 7 to 9 p. m.

Interment will be in Little Beaver cemetery, Enon Valley.

The deceased was born in Beaver County, January 21, 1869, son of Andrew and Hannah McVeeny King. He was a retired farmer, and was an employee of the former Grasselli Power Works. He was a member of the Central Presbyterian church.

Surviving are two nieces, Millie Stauffer, Enon Valley, Mrs. Pearl Francis; two nephews, Albert and Norman Stauffer, of Pittsburgh.

BROTHERHOOD WEEK BEING OBSERVED

(Continued from Page One)

programs is slated to get underway and will also continue next week for several special sessions.

Twentieth Year

This year marks the 20th year of the conference's celebration of "Brotherhood Week," and with the words of the honorary chairman, President Truman, all citizens are urged "To affirm anew the principles upon which the realization of brotherhood depends and to strengthen the bonds that hold us together."

On Thursday morning, February 20, Miss Nannie Mitchell invites the community to the Brotherhood Assembly at the George Washington junior high school.

On Tuesday, February 27, the Good Will Conference will have a panel discussion on brotherhood at the North street school at 7:45 p. m. Local problems of the various groups will be discussed.

Members of the executive committee of the Good Will Conference include: Rev. Thomas Jones, chairman; Frank L. Burton, T. Carey, Dr. J. Gillespie, W. A. Hoffmaster, William H. How, Mrs. Lyle Hughes, Nannie Mitchell, Dr. T. W. Graven, Rabbi Paul Katz, Mrs. Alec Samuels, secretary; Rev. V. S. Stanciewicz, Marguerite White, Mrs. Williams and Rev. Fr. Francis C. Streff.

UNKNOWN FRONTIERS SHRINK BEFORE BYRD

(Continued from Page One)

Little America base in a virtual parade of exploration which began on the morning of Valentine's Day. Never before in history have the frontiers of the unknown shrunk so rapidly.

The 10 planes, flying in pairs, discovered and mapped more unexplored territory than had ever before been covered in so short a time. They wrote into the maps two previously unknown mountain masses of major dimensions, and other terrain features.

Byrd's flight today took two navy planes 81 miles beyond the pole on a 12-and-a-half hour trip, during which the two-engineered R4D transports averaged 130 MPH for a total of 1,800 miles.

The polar flight went out of its way to discover and make photographs of approximately 75,000 square miles of hitherto unknown territory, including at least 50 new mountains.

TRUCK CRASHES ON WAY TO FIRE

(Continued from Page One)

pumps knocked loose, and a hole was punched in the side of the booster tank.

Fire Loss \$400

The fire, to which the Second ward truck was enroute, occurred in the home of Mrs. Alice Skidmore, of 212 Shady Side, caused by burning soot falling down out of the grate and setting fire to the floor. Damage was around \$400 was done by the blaze, which set fire to the floor and some furniture, Acting Fire Chief George W. Harper reported.

Five trucks answered the alarm, which was from box 43, in one of the principal industrial districts of the city.

Pull the Trigger on Lazy "Innards"

WHEN CONSTIPATION makes you feel punk as the dickens, brings on stomach upset, sour taste, gassy discomfort, take Dr. Caldwell's famous medicine to quickly pull the trigger on lazy "innards" and help you feel bright and chipper again.

DR. CALDWELL'S is the wonderful senna laxative contained in good old Syrup Pepsin to make it so easy to take.

MANY DOCTORS use Pepsin preparations in prescriptions to make the medicine more palatable and agreeable to take. So be sure your laxative is contained in Syrup Pepsin.

INSIST ON DR. CALDWELL'S—the favorite of millions for 50 years, and feel that wholesome relief from constipation. Even finicky children love it.

CAUTION: Use only as directed.

PART OF TRAIN PLUNGES DOWN EMBANKMENT

(Continued from Page One)

12 miles away, and brought its return cargo of injured to the Altoona and Mercy hospitals.

Seamen Injured

Among the injured were 10 apprentice seamen from the Bainbridge, Md., naval training station who were returning to their base after a 12-day "boot" leave.

The wreck occurred on Bennington Curve, near Gallitzin, and near the famed Horseshoe Curve. An engine and four coaches plunged more than 150 feet to the bottom of the ravine. A combination mail car and day coach plunged on top of one of the cars.

Witnesses said that George Bowman, of Altoona, a mail clerk, was still pinned in the wreckage of the mail car, and was still alive.

Sgt. Melvin Drum, of DuBois, a soldier, was extricated from the wreckage seven hours after the accident occurred and was given blood plasma on the scene.

Coaches Hang Over Ravine

Four pullman coaches and the second engine lay on their sides along the right of way. A baggage-mail car remained upright but was damaged.

Two coaches hung precariously over the edge of the ravine and two other pullman cars remained upright across the tracks.

Witnesses to the wreck described it as "one of the most horrible" in the history of the Altoona region. An engine and five pullman cars and coaches plunged into the ravine.

Railroad officials said rescue crews were working with acetylene torches in an effort to cut the dead and injured from the mass of twisted steel and splintered wood. They said they expected the death and injury tolls to mount.

Railroad officials could advance no immediate cause for the wreck, which they described as one of the worst in recent years.

The Reg. Arrow, made up of two engines and 14 pullman cars and coaches, was en route from Detroit to Washington and New York. The first engine and three cars plunged over a 350-foot embankment, pinning scores of passengers and trainmen in the wreckage.

Wreck At 3:25 A. M.

The wreck occurred high in the mountains at 3:25 a. m. in an almost inaccessible area. The closest highway is a mile and a half.

Nearly a half mile of track was ripped from the roadbed and all trains were rerouted over the New Portage branch, usually used for freight trains.

A hospital train made a return trip to the scene of the accident after bringing the first group of injured out. An attendant on the hospital train said that many were asleep when the train plunged over the embankment. Many suffered exposure in addition to injuries.

Report From Main Office

PHILADELPHIA, Feb. 18.—(INS)—A Pennsylvania Railroad spokesman at the carrier's main office in Philadelphia said today both engines of its "Red Arrow" passenger train went over a steep embankment near Gallitzin this morning, killing ten persons.

The spokesman said the dead included three trainmen and seven passengers.

The spokesman said both engines and the first car, a baggage-mail, went over the embankment, which he described as "about 200 feet," when the train was derailed.

The following two cars in the 14-car train, a baggage-coach and a coach, were derailed but did not go over the bank he added.

The next four cars—three sleepers and a diner—plunged down the slope, while the next three sleepers were derailed but remained on the roadbed. Two sleepers, a coach and a baggage car remained on the tracks.

Three of the carrier's four mainline tracks were blocked, he added, and westbound traffic was detoured over a freight route. Eastbound traffic moved slowly over the one open track.

The spokesman said the next two trains back of the wrecked one pulled up behind the scene of the accident and then took the injured to Altoona for hospitalization. A relief train also was dispatched to the scene.

INDICATIONS ARE SEEN DRAFT LIKELY ENDED

(Continued from Page One)

White House" and added that in the circumstances the army could make no official comment until President Truman's wishes have been made known.

The spokesman observed significantly, however, that the voluntary enlistment program has been unexpectedly successful since the first of the year.

He said that the January figure, 35,468, exceeded by 10,000 the goal which had been set, and that the number of enlistments for the first week of February—6,629—was well above forecasts.

Secretary of War Patterson, it was learned, sent to the president last week the war department's recommendations concerning draft extension.

Congressional leaders declared that in the light of the successful recruiting campaign and the fact that the army is due to be cut to its projected strength of 1,070,000 by July 1, there seems no need to extend the draft law.

Card Of Thanks

We wish to express our appreciation and to thank our friends and relatives for the sympathy extended to us in our bereavement and to our faithful pastor, C. P. Durbin, for his words of comfort. Also for the beautiful floral tribute and cars donated.

TRIAL FOR POLICEMAN

PITTSBURGH, Feb. 18.—(INS)—Judge Frank P. Patterson has set Wednesday for opening of the trial of Police Inspector John J. Dean.

Inspector Dean is charged with misbehavior in office and obstructing justice in connection with testimony before the grand jury last May in a numbers racket case.

PA NEWC OBSERVES

(Continued from Page One)

of clothing which was distributed in his home town from supplies sent from this country to the UNRRA.

When the pupils at North street handed in their contributions a year ago, Jack, with other pupils, placed a note in the clothing giving their name and address. He is the first to receive an answer. Christos states in his letter that he has studied English but six months, but he wrote a splendid letter.

One of the Pa Newc family recalls vividly the high peak in Colombia, South America, where a plane crash occurred over the week-end, snuffing out 53 lives. Flying from Panama to Bogota, Colombia, in 1944 on the line whose plane crashed, Pa Newc's boy flew 15,000 feet high over the Andes mountains to scale the peak. Plenty of gum had to be chewed to keep the ear drums from bursting at that altitude.

The abundant supply of bicycles received last Christmas in the homes of New Castle youth is showing up, Pa Newc observes. The mild weather has brought the bikes out while the sleds are taking a back seat due to the lack of proper weather to use them.

Several new recruiting signs, decorated in patriotic colors, have appeared at the New Castle post office. Almost every branch of the service is seeking recruits for its particularly duties.

Church goes in the city within the next few weeks will not have any excuse for having no place to attend, Pa Newc has learned. Already, numerous revival services are in progress in the city and a union campaign will begin next Sunday in which 20 churches of the city will join with the local Christian Business Men in sponsoring.

Baldrige Resigns State Court Bench

HARRISBURG, Feb. 18.—(INS)—

The resignation of President Judge Thomas J. Baldrige, of Hollidaysburg, of the state superior court was announced today by Gov. James H. Duff.

Duff said the 74-year-old Republican jurist submitted his resignation several days ago but gave no reason for the action. Duff said Baldrige had "been wanting to resign for some time."

In line with court precedent, Judge Chester H. Rhodes, of Stroudsburg, a Democrat, will succeed Baldrige on the basis of seniority.

Rhodes was elected to the appellate court in November, 1934 for a ten year term and re-elected in 1944.

GOOD JOB

After hearing Fulton Lewis, Jr., over the radio, we don't wonder that they do not want to do away with O. P. A. More people are employed now on this job of making trouble for the American people, than there was during the War.

Won't the new Administration waken up pretty soon? We just fought a war trying to get rid of being dictated to. Is this war not over?

DUNBAR TEACHERS TO AIR PROBLEMS

CONNELLSVILLE, Pa., Feb. 18.—

(INS)—Dunbar Township school teachers, who have threatened to strike next Monday will meet Thursday afternoon to discuss latest proposals of the School board.

The teachers have demanded a \$300 pay boost. The board, claiming financial distress, promised the teachers a bonus for this term if there are any unexpected balances at the end of the year.

They also promised to include a permanent raise in next year's budget.

VETERAN COMMITS SUICIDE IN CELL

POTTSVILLE, Pa., Feb. 18.—

(INS)—A turnkey today found the body of Michael Kurutz of Branchdale, a 34-year-old veteran of South Pacific battles, hanging in a Schuylkill county prison cell where he was serving 30 days for disorderly conduct.

Kurutz twisted a cord around his neck, tied an end to a ventilator and jumped off his bed, according to Deputy Coroner G. Ryland Lord.

The veteran was a psychoneurotic formerly a patient at the Phoenixville hospital, Lord said.

RAY-FLEEGER, JR.

WEDDING MONDAY

Two graduates of New Castle high school with the class of January '47 were united in marriage at a ceremony performed in the parsonage of the First Methodist church, 406 Glenmore boulevard, Monday afternoon at 5 o'clock when Miss Elaine Carol Ray, eldest daughter of Mr. and Mrs. H. B. Ray of 1065 East Washington street, became the bride of Clyde Perry Fleeger, Jr., son of Mr. and Mrs. Clyde P. Fleeger of R. D. 8. Rev. Burr R. McKnight, D.D., officiated.

The bride wore an afternoon dress of winter white wool with black accessories and a shoulder corsage of red roses and white snapdragons. Miss Margaret C. Swogger, who attended her, wore a dress of powder blue with black accessories and a corsage of gardenias and pink roses.

Albert Jones served his cousin as best man. Following the ceremony there was a reception for the families at the home of the bride's parents where refreshments were served from a table decorated in pink and white with a three-tiered wedding cake as a feature and centered by a bowl of spring flowers and white candles.

Mrs. James McCullough, grandmother of the bride, and Miss Shirley Corryea, classmate of the newlyweds, were brides.

After a short wedding trip, Mr. and Mrs. Fleeger, Jr., will take up residence for the present with the bride's parents. Mr. Fleeger, who served 45 months in the U. S. navy and received his discharge in May, later completing his high school studies, is employed at the Carnegie-Illinois Corporation at Macdonald, O.

OBSERVES HER 89TH BIRTHDAY AT HOME

Mrs. Anna Davis celebrated her 89th birthday on Monday at the home of her son and daughter-in-law, Mr. and Mrs. Arthur Davis, 936 Adams street, with whom she resides.

At 6 o'clock a dinner in her honor was served to members of her family followed by an evening of reminiscing. This aged lady spent a busy day receiving many cards of congratulations and gifts from her throng of acquaintances.

Coming to this country from Swansea, Wales in 1895 with her family, Mrs. Davis has been a resident of New Castle for many years. Since that time she has made several visits to the old country and has retained a great interest in the welfare of her native land.

This grand old lady is the mother of the following children: Thomas Davis, of Toronto, Canada; Garfield Davis, of Cumberland, Md.; Henry Davis, of McKees Rocks, Pa.; Mrs. William P. Williams, of San Diego, Cal.; Mrs. Fred Shatzer, Evan Davis and Arthur Davis, all of New Castle. She also has 24 grandchildren, 10 great-grandchildren and one great-great-grandchild.

Mrs. Davis is in good health and expects to fly to San Diego, Cal., in the spring to make her home with her daughter there.

LUCY DICARLO ENGAGED TO WED

Mr. and Mrs. Sam DiCarlo of 313 Phillips street announce the engagement of their daughter, Lucy DiCarlo, to Joseph Iacobucci, son of the late Mr. and Mrs. Joseph Iacobucci, of 1012 Summit street.

No date has been set for the wedding.

GUILD BOARD TO BE LUNCHEON GUESTS

Members of the board of the Junior Guild of Jameson Memorial hospital will be entertained for one o'clock luncheon Wednesday afternoon in the home of the president, Mrs. Thomas J. Kelly, Jr., 418 East Elizabeth street.

Simon Relief Corps Postpones
Louis E. Simon Relief Corps No. 11 meeting has been postponed from February 19 to March 5.

(Additional Society On Page Six)

READING CIRCLE '91 FEBRUARY LUNCHEON

At 1 o'clock Monday afternoon members of the Reading Circle '91 and guests sat down to an attractively decorated table in the coral room of The Castleton for their mid-winter luncheon and social event.

At a table decorated in pink, white and blue, and centered by an unusual dish garden flanked by tall pink tapers in glass candelabra, a delicious luncheon was served by candlelight. Mrs. Roy A. Long gave the invocation.

Dr. Dale Coulter Caldwell, president of the club, who has just returned from California, gave an account of her trip and took the group in imagination to the Tournament of Roses. After telling some of the interesting highlights of this colorful festive occasion, she showed cards, pictures and newspaper stories of the tournament to illustrate her account of the spectacle.

Games and visiting rounded out the afternoon's activities. Three special guests were present, Mrs. Jessie Edgar, Mrs. Ira Fulkerson and Mrs. L. G. Nail.

Mrs. Roy M. Jamison, chairman of the social committee in charge of the luncheon, was assisted by Mrs. R. L. Meermans and C. D. Parker on arrangements and Mrs. E. L. Davenport on decorations.

Next meeting with Mrs. Davenport as hostess will take place in the Y. W. C. A. on Monday, March 3, at 2:30 o'clock when roll call will be "Name a Flower or Tree".

NEWLYWEDS TRAVEL TO MARDI GRAS

In the course of a motor trip south on their honeymoon Mr. and Mrs. Ralph W. Niggel will visit New Orleans to view the Mardi Gras. They will also travel to Florida and will return March 1 to take up residence at 224 Wood street, Lowellville, O.

The bride is the former Jean Pozzuto, daughter of Mr. and Mrs. Michael Pozzuto, of Wampum, and the groom is a son of Mr. R. T. Niggel, of Lowellville. The couple was married at a ceremony performed in the parish house of St. Monica's church, Wampum, February 15 at 3 o'clock in the afternoon. Rev. North J. Schramm officiated.

The bride wore a beige wool crepe suit with brown accessories and a corsage of white orchids. As her attendant she had her sister, Miss Angie Pozzuto, who wore a navy blue gabardine suit with matching accessories and a corsage of pink roses.

Karl Lakin, of Lowellville, was best man. Following the ceremony a wedding dinner was served to the bridal party and immediate families at the home of the bride's parents with a reception afterward at 7:30 o'clock.

Miss Niggel is on the nursing staff of Jameson Memorial hospital and Mrs. Niggel is employed at the Sharon Steel company plant in Lowellville.

GUILD TO ATTEND LENTEN SERVICE

Junior guild of Trinity Episcopal church will meet Wednesday evening in the guild room for its regular monthly business and social meeting.

Preceding the meeting members plan to attend Ash Wednesday service at 8 o'clock in the church to be conducted by Rev. Sidney C. Swan, Jr., of St. John's church, Youngstown, O.

HIGHLAND W. M. S. WILL MEET FRIDAY

Women's Missionary society of Highland U. P. church will be received Friday afternoon, February 21, at 2 o'clock in the home of Mrs. W. I. Clark, 2611 Highland avenue. Yearly election of officers will feature the election of that was originally planned for the church.

Mrs. George Ralph and Miss Ada Cowden will entertain jointly with Mrs. Clark.

D. D. D. Club

Next meeting of the D. D. D. club will be February 27 in the home of Mrs. Leonard Oberleiner, County Line street, according to plans made when the club was entertained recently in the home of Mrs. Ray Fulkerson, 511 Hillcrest avenue.

Tables of 500 were in play with high score awards going to Mrs. John Thompson, Mrs. Leonard Oberleiner, and Mrs. Dorothy Kegarsie. The latter, together with Mrs. Helen Henderson and Mrs. Virginia Warnock, was a special guest.

Later a lunch was served by the hostess assisted by Mrs. Kenneth Woodring.

Emanon Bridge Club

Mrs. Harold McCartney, West Garfield avenue, entertained members of Emanon Bridge club in her home on a recent evening. Prizes were awarded for bridge winners to Mrs. Harlow Hill, Mrs. Edward Bevan and Mrs. David Harlan. Tasty refreshments were served using the Valentine motif.

Next meeting will be on February 26 at the home of Mrs. Robert McQuiston, Euclid avenue.

WYNONA AUXILIARY ELECTS OFFICERS

Election of new officers for the coming year took place at the February meeting of Wynona auxiliary of Bessemer Presbyterian church in the home of Mrs. Margaret Carlson, Bessemer. Miss Ruth Hultz and Mrs. Gladys Griffin were associate hostesses.

With Mrs. Stephen Klamar presiding, the following officers were elected: president, Mrs. Robert Glaspey; vice president, Mrs. Lester Nord; recording secretary, Mrs. Chandler McMillan; corresponding secretary, Miss Esther Nord; treasurer, Mrs. Paul Nord.

Theme of the evening's program, led by Mrs. Ralph Engle, was "Racial Prejudice". Mrs. Engle's presentation included two articles, one entitled "Color Blind" and one on "Fellowship Churches", after which Mrs. Glaspey reviewed the concluding chapters of the study book, "Portrait of a Pilgrim". Missionary education was the subject outlined by Miss Mary Nord.

Games, furnished entertainment during the social period with Mrs. Glenn Stanley in charge. Afterward a Valentine lunch was served. At the next meeting, March 13, a white elephant auction will be a feature.

VALENTINE BALL IN CASTLETON BALLROOM

On Monday evening in the Castleton ballroom was the scene of a festive St. Valentine Day ball given for all high school students of St. Vitus parish given by the Altar Rosary society of the church. Decorations in red and white made a gay setting for dancing from 8:30 to 11:30 o'clock.

An orchestra played for dancing for the crowd of about 200 young people and members of the hostess society and their husbands who acted as chaperones for the occasion.

On the program were a jitterbug contest won by Clare Domiano and Tommy Alfano and a novelty dance, an Italian tarantella, by Dolores Russo and Raymond Ross. To Miss Mary Jane Marshall was presented the door prize. Delicious buffet refreshments were served.

Chairman of the Altar Rosary society committee on arrangements was Mrs. Paul Faella. Mrs. Carl R. Tranquillo, program chairman, was assisted by Mrs. Alphonso Scarazzo, Mrs. Anthony Mastrian, Mrs. John P. Priole, Mrs. Charles Casalandra, Mrs. Angelo Frediani and Mrs. Joseph Donati.

Benediction by Rev. Albert Inteso brought the evening to a close.

MADONNA CHURCH SCENE OF WEDDING

Miss Frances Baranski, daughter of Mr. and Mrs. Stanley Baranski of 42 Bluff street, and Joseph Kaczmarczyk, son of Mrs. Josephine Kaczmarczyk of 923 North Liberty street, were united in marriage on Sunday afternoon at 1 o'clock in the Madonna church. Rev. Fr. Edward Plikul officiated, using the single ring service.

The bride was attired in a white satin gown with sweetheart lace neckline, and her fingertip veil fell from a crown of orange blossoms. She carried a bouquet of white carnations, roses and snapdragons.

Miss Josephine Baranski, as her sister's maid of honor, wore a gown of pale pink net over taffeta, matching headpiece and carried pink roses and carnations.

Casimir Kaczmarczyk served his brother as best man. A dinner and reception was held at the residence on Bluff street. The young couple have departed on a wedding trip and upon their return will reside at 923 Liberty street in a newly furnished apartment.

Mrs. Kaczmarczyk was formerly an employee of the Shenango Pottery company. He is proprietor of a grocery store on Liberty street.

GAY EIGHT CLUB HONOR HUSBANDS

Husbands of the members of Gay Eight club were guests of honor Sunday evening, at a lovely Valentine party held in the home of Mrs. Ralph Lombardo, 416 East Reynolds street.

A full course dinner was enjoyed, and the table was nicely arranged with boxes of candy marking places for the members, gifts from their husbands.

Card playing was the pastime, and the door prizes were captured by Steve Vendemia and Mrs. Joseph DeLillo. Singing was also featured. Joseph DeLillo was the pianist.

On Thursday evening, the club will meet with Mrs. Ralph Cialelo, East Reynolds street.

Are you troubled with a SEVERE SKIN IRRITATION?

Then just try this special Extra Strength Zemo—a Doctor's wonderfully soothing yet powerfully medicated liquid. First applications relieve itching, burning of Eczema, Psoriasis, Athlete's Foot and similar skin and scalp irritations due to external cause. Then Zemo promptly starts to aid healing. Backed by an amazing record of continuous success. The first trial convinces!

ZEMO

Byrd Shows Where To Cut

Senator Byrd is for the six-billion budget cut, in line with his role of champion economist, but this doesn't mean that he wants to take it out on the Army and Navy. He has returned to his attack on Government extravagance by pointing straight to places for starting the slashing.

He believes that instead of lopping off a mere 500,000 from the civilian payroll the services of perhaps twice as many could be dispensed with and the public business would suffer no harm.

The Senator can find no justification for having 1200 Federal offices in New York, 1000 in Chicago and 500 in Philadelphia and Los Angeles, to mention only a few of our principal cities.

Mr. Byrd views the "entire amorphous hodgepodge of branch offices, field offices, regional offices" and the like as an attempt by the Executive side of the Government to perpetuate "tax-draining personnel in the face of constant demands" for stopping the happy-go-lucky spending spree.

We have no answer from the Administration to Senator Byrd's repeated charge, says the Philadelphia Inquirer, that the number of civilian employees has increased 300,000 since V-J Day, nor his discovery that workers let out by one department with a grand flourish of trumpets just walk across the street to another department or agency and attach themselves to equally well-paid Government jobs.

Here is where immense savings could be effected, despite the bureaucrats' protests and wallings and without any weakening of the armed forces so imperative for the Nation's safety.

The Amateur Gardener

Like a golfer or a fisherman, the average amateur gardener is highly vocal about his hobby. In the summer he has less time to boast of his prowess with the trowel and rake but comes the winter months and he works at it constantly.

Just now the amateur gardener is at the peak of his yarning about his garden. The seed catalogues are in, many have ordered seeds and in his mind's eye he pictures next summer's plot. Free of weeds, loaded with oversize vegetables, the pride of the neighborhood.

It's a pleasant hobby even if it does carry in its wake a sea of words. From a financial standpoint it undoubtedly pays dividends if properly done. From the standpoint of recreation there is nothing to beat it.

Golf was once described by the late William C. Fields as the "art of swinging, swatting, sweating and sweating". Tennis is for those with sturdy legs and strong hearts. Baseball is largely a game played by few and witnessed by many.

But gardening. Now there's a sport for you. You need not worry about your stance as you hoe down a row of corn. The ability to run bases speedily is not necessary and yet you can work up as healthy a crop of perspiration gardening as you can in any sport.

And in the cool of the evening, when the plantain has been cut out, when the cabbage worms have been assaulted with liberal doses of powder and when the tomatoes are ready for eating, there's a satisfaction that is not surpassed by making a hole in one or banging out a home in the ninth with the bases loaded.

Any day now on the streets of New Castle you can expect to be buttonholed by amateur gardening friends who insist upon telling you of a hybrid watermelon seed they have ordered or who want to tell you how to start cucumbers. Listen to them patiently. It's their hobby and hobby riders have a right to be heard.

Ordinary Living

Speaker of the House Joseph Martin recently enunciated some sound, down to earth reasons for the necessity for the Republican party carrying out a legislative program which gets right back to the days of ordinary living.

Mr. Martin will receive wide commendation for these words: "The American people have had enough of the spectacular stuff. As I see it, they want to get back to plain, ordinary living, with a chance to make good money on a job, to save something from their earnings and to live comfortably."

"I believe we can give them that if we can solve the three problems which I mentioned in my talk to the new members—labor, government spending and Communism. Most of our other difficulties stem from these aggravations."

"If we can handle these questions sanely and satisfactorily—and I see no reason why we can't—I have no fear about the outcome in 1948. And, so far as I can find out, that is the feeling among the Republican majority over here and on the other side of the capitol."

Thus he has indicated that he and his colleagues are not all so much interested in a series of investigations and post-mortems designed to discredit the Roosevelt Administration and strengthen the GOP for 1948 as they are doing a good job getting the country back to a period of getting along with each other, cutting expenses and revealing to the rest of the world that our type of democracy is sound.

On such a program we can all agree.

When we consider the financial mess we are in and wonder what is the easiest way out, let's not forget it is our own fault. We voted for it. The people usually get about the kind of government they deserve.

It is as easy to predict the outcome of an election in Poland as it is in South Carolina.

looked—a tag that's guaranteed deep-frozen.

A benzol blast in Terre Haute, Ind., caused manhole covers to shoot into the air. Must have looked like a king's size game of tiddley winks.

Chicago reports a brown snow. Mother Nature, apparently tired of trying coat of mink may be just winking on a beaver mantle for size.

A St. Louis centenarian says he reached that ripe old age by always remaining calm. He, obviously, has never been an ardent follower of the Cardinals.

Then there's the Londoner who, on reaching his 102nd birthday, says a ripe old age may be reached by always having breakfast in bed. O. K., but think of all the people who'd become worn out prematurely toting trays to you.

WASHINGTON CALLING
by MARQUIS CHILDS

"Back To Normal"
Talk Dangerous

WASHINGTON, Feb. 18.—In the dispute over how much the federal government shall spend next year, neither side has talked about how the cutting is to be done. If you use a scalpel with patience, skill and intelligence, you get one result. Using an axe, you get quite a different result.

Impetuous economists of the type of chairman John Taber of the house appropriations committee are branching the axe. They are ready to hack away no matter what the consequences to the government of America's position before the world.

Vital In Dispute
Vital in the budget dispute are the eleven billions requested by the army and the navy. Those who know the operation of government from long experience believe that with patience and persistence these requests might be trimmed without doing damage to either service.

But no one shows any sign of using patience and persistence. The arbitrary use of an axe will inevitably do great damage. That is why responsible Republicans such as Senator Gurney and Senator Vandenberg are determined to prevent a flat reduction in the appropriation for defense. They will have a fight, particularly when it comes to standing up to the Republican steamroller in the house.

Special Sanctity
There is a special sanctity about the eleven billions for defense. Even the axe-wielders pause when they realize that to slash the defense budget may radically alter the precarious balance now prevailing in world affairs.

But no such sanctity hangs over the items in the budget that cover the normal expenditures for our government. And to use an axe instead of a scalpel can be nearly as disastrous when it comes to the regular functions of government.

Representative Clarence J. Brown, of Ohio, one of the most influential Republicans in the house, went back to his native state not long ago and made a rousing, old-fashioned economy speech. He compared appropriations for government departments in 1939 with the requests made by the Truman administration for the fiscal year 1948.

Two Important Facts
This was an easy exercise in vote-getting aimed at 1948. It conveniently ignores two monumental facts. Fact number one is that we are only just slowly emerging from the greatest upheaval in the history of the poor, battered old human race. As a part of that upheaval, we are witnessing the liquidation of the British empire.

That means the end of 150 years of order-keeping in the world. It means a political and military vacuum that will not long remain a vacuum. To shut our eyes to what is happening overseas is to invite final disaster.

Fact number two is our economic and technological supremacy over every other nation. Power also means responsibility. If we shirk responsibility, we shall certainly lose the power.

Delicate Matter
The axe-wielders seem determined to close their eyes to these facts. They act as though nothing had happened between 1941 and 1946. They assume that we can snap back to normal as easily as we did, say, after the Spanish-American war.

You get little idea from the political debate of how important and how delicate is this matter of the budget. If the slashes are too deep, they may contribute to the deflation that has set in as an inevitable reaction to the inflation of 1946. What is essential—absolutely essential—is to maintain the national income at a level of \$150,000,000,000 a year. Should we fall substantially below that level, any hope of balancing the budget would be out the window. We should then face a struggle to meet the five billions of debt service and keep about some 80 billions of short-term indebtedness.

"Back To Normal" Dangerous
Talking about "back to normal" at this point is dangerous moonshine. Next year's budget will be nearer to normal. Some six to eight billions, connected in this year's budget with the termination of the war, will be economy-back-to-normal drive is questioned, the old-line (Continued on Page Seven)

What People Say

(By International News Service)
WASHINGTON—Paul H. Griffith, national commander of the American Legion protests against cutting army and navy appropriations: "We must not permit America's insurance policy to expire at this uncertain hour."
WASHINGTON—Fleet Admiral Chester W. Nimitz: "We can avoid another World War if all people work earnestly and intelligently to keep the peace."
WASHINGTON—Sumner Welles, former undersecretary of state: "There is no nation whose survival depends more on the ability of the United Nations to carry out their world commitments than Great Britain."
WASHINGTON—The Rev. A. Powell Davies of the American Unitarian Association endorses David E. Lilienthal as chairman of the atomic control commission: "Atoms are not Republican or Democratic; they are not even American or British or Russian. This problem is a menace to the world."

Words Of Wisdom

It is common to men to err; but it is only a fool that perseveres in his error; a wise man alters his opinion, a fool never.

If First You Don't Succeed---!

One Man's Opinion

By WALTER KIERNAN

(Distributed By International News Service)
Slowly the Japs are learning the ways of democracy . . . All are now privileged to pay a national income tax.

Hirohito's income is 90 per cent taxable . . . He is one of the few lower bracket rulers with an upper bracket income.

I hear that under "corporate losses" he wrote "Just Japan . . . that's all" and under "Other sources of income" he wrote "What other sources?"

Russia is getting a radio explanation of democracy from the State department . . . Sun spots or static will be explained as Republican jamming.

The first broadcast explained how the 48 states function as individual governments . . . But no attempt was made to explain the 49 governors of the 48 states.

Score at the end of the third period . . . Talmadge, two judges; Thompson, one judge.

Late returns will be broadcast as received.

LOOKING AT LIFE

By ERICH BRANDEIS

I have found my rose-colored glasses, and everything is all right again.

If you read yesterday's column you will remember that I had lost them and was wondering whether they would ever turn up again.

Well, they did, and do you know where?

Right on top of my morning paper, right over a story reporting the meeting of the Merchant Tailors and Designers Association. "Color is the thing," is their slogan—and the lack of color was probably what made me so pessimistic yesterday and what is making the whole world so down in the mouth these days.

There will be bright yellow dinner jackets for men, the merchant tailors have decreed. With them we men shall wear brown trousers, ecru shirts and waffle-cut gold studs.

Hurrah for the yellow jackets! I have always wondered why we fellows, when we want to be very formal and dignified, dress ourselves in exactly the same accoutrements that waiters wear at their jobs.

In my work as a newspaperman I have to go to quite a few banquets and formal affairs.

There you see a lot of fellows all dressed exactly alike in solemn black, and naturally that somber mass of ill-fitting tuxedos and swallow-tail coats has a most depressing influence on their speeches and their general outlook on life.

I have seen Mr. Molotov in one of those outfits and I can't tell you how it depressed me. But for sheer misery there isn't anything much worse I remember than the former Secretary of the Treasury Henry Morgenthau in tails!

Now, imagine Molotov in a yellow dinner jacket, ecru shirt and brown trousers. Can't you see him perking up and changing all his vetoes to joyous agreements to everything that other yellow and red and pink and lavender-coated gentlemen might propose?

Wouldn't it be ever so much nicer if the Security Council opened each session with a little jig played to the tune of "Zip-a-dee Doo-Dah Zip-a-dee-ay; My, oh my, what a wonderful day!" from Walt Disney's "Song of the South"?

And do you think there would be nearly so much fighting in Congress if all the Congressmen were dressed in those lovely colors proposed by the Tailors' association?

Particularly if, as proposed at the convention, they also wore those "checked topcoats and hats with partridge feather bands?"

Do you see now why I feel all snugly and pink again?

Can you imagine your own husband grumbling in the morning when he goes to work dressed in a gay, orange-colored jacket, light green pants, a pink shirt, and waves his hat with the partridge-feather band as he walks down the path to the road?

And can't you imagine yourself waving back at him and gaily shouting: "Whoops, my dear?"

Bible Thought

Search the scriptures;—in them ye think ye have eternal life: and they are they which testify of me. John 5:39.

From Me To You

By MESEALL

Below you will find a little poem . . . one that we found amusing back in the days when you didn't stand in line at the sugar counter . . . or sign up to buy hose months ahead of time . . . Back in the good old days you say . . . yes, those days might be considered much better times . . . At least things were easy to buy . . . and the buying world was controlled by the likes that we mention in the words below.

The consumer is a lady
Of fancies, fads and frills
She shops in gay abandon
While hubby pays the bills.

She wants the latest fashions
In hats and shoes and hose
Just how and why she makes her choice
The good Lord only knows.

She charges wildly through the store
And then, alas, she balks!
Deliveries rushing to her door
Are gaily hustled back.

She murmurs, "Please deliver."
Or marks her loot, "Will call!"
And at her slightest shiver
World markets rise—or fall.

Who is this strange Consumer
This most important She
Who holds the fate of business?
Good gosh! Maybe she's me.

But those days will be back . . . just you wait and see . . . for this is America the land of the free.

The Parent Problem

By Garry C. Myers, Ph. D.

KEEP POISON ON HIGH SHELF

A good many precious little lives are lost from poisons. While some of these poisons are meant for external use only some are meant for internal use become poisons when consumed by the baby and young child in large quantities.

In practically every home are such poisons. Parents can't be too careful at keeping cleaning fluids, insecticides and all medicines beyond the reach of the baby and young child, and to guide all domestic help in their proper use.

High Medicine Chest

Keep all medicines when not immediately used and supervised by a high medicine chest. Cleaning fluids, insecticides and the like should be kept in the garage or some other outbuilding. Also train the tot to avoid these storing places. No matter how careful the parents are, other adults or children may grow careless. Anyone, indeed, may be off guard at times.

The careful parent more than doubles safety from such poisons by training the tot effectively as soon as he can toddle to avoid automatically and permanently certain such dangerous things and places.

May Climb Up

Suppose you do keep all the medicines in the high medicine chest. Before you know it the undisciplined tot may be climbing up to get into it. Often the tot during good toilet training is left for many minutes at such alone in the bathroom. If he inclines to explore and get into things there he is in great peril.

Also you may use some materials in caring for the infant and leave them for a few minutes on the table or dresser. If the older child has not learned to keep his hands off such things they can be very hazardous to him. But the tot who has been well trained never to touch any medicine or the like, of that account, tends not to touch similar materials he chances to come upon. This principle applies to all unexpected hazards, indeed. The child properly trained to avoid all known constant hazards is prepared to be cautious when suddenly emerging on unexpected perils.

A Three-Year-Old

Recently there came to my attention that a certain child three years old, while her mother was talking to a neighbor in the kitchen, climbed into the cupboard a few feet behind the mother and ate several cathartics meant for

Let me urge all young mothers to ask their doctors to prescribe an emetic (something to cause quick vomiting) to keep always on hand for giving the child who has swallowed something even of a doubtful nature; and then to call the doctor or rush the child to the nearest hospital. Your doctor also might show you how to induce vomiting mechanically, in an emergency.

The other day a certain child two years old swallowed some ink from an ink bottle. Soon after I learned that this child's parents, in order to make him ready to take his cough syrup had allowed him to drink it from the bottle. While this is bad practice for insuring the dosage, it is also very dangerous, making any child more ready to swallow poisons from any bottle he can find.

The World and the Mud Puddles

THE BUSY BEE

Fair and thorough investigation should determine the truth of the charge made by Representative Parnell of New Jersey that the epidemic of postal-to-portals pay suits now before the courts was Communist inspired. Columnist George Sokolsky who usually has his facts well in hand, makes a similar charge. Simultaneously with Representative Parnell's accusation, Federal Judge Michael Igo of Chicago labeled as a "public scandal" the rush of labor lawyers to file suits on behalf of unions.

Even if the charges of Communist inspiration for this postal-to-portals outbreak were subject to confirmation, it is obvious that their results, if the billions in claims are allowed, will perfectly serve the objectives of the Communists. The payment of these vast sums would lay an impossible burden on American industry, bankrupting many employers. It would add dangerously to the growth of inflation by opening the way for billions more in spending. It would cause the Federal government the loss of huge sums in revenues and also entail the outlay of hundreds of millions by the Treasury to compensate employers on cost-plus work contracts.

Worst of all, the award of these monumental claims would inspire leaders of the organizations involved with a spirit of cockiness and arrogance which would lead to a prolonged era of industrial disharmony. It would place in the hands of hundreds of thousands of workers great sums of money which would make them indifferent to employment for the time being and ready victims of strike proposals.

In essence, the postal-to-portals suits are an attack on capitalism and the profit system, because they are designed to cripple capital and prevent profits. This is an essential ingredient of Communism. Let us hope that Representative Parnell's charges will receive the most serious attention of Congress and the Justice department.

Hints On Etiquette

All vegetables are eaten with a fork; this applies to peas also.

Washington Reports

Truman May Seek New Law Ere Service Act Expires
Foot-Mouth Disease Spread In Mexico Worries U. S.
See New Political Weapon At Capitol?

(Special To Central Press)
WASHINGTON, Feb. 18.—President Truman probably will ask Congress for a universal service law during February.

The president will seek such an act to replace the war-time draft law which expires March 31. He will ask after receiving a report and a recommendation from his special commission to study universal service, headed by Dr. Karl Compton, president of Massachusetts Institute of Technology.

Mr. Truman reportedly realizes that the chances for a continuation of the draft, as such, are extremely slim in the GOP-dominated Congress. Observers believe, however, that there will be little trouble in getting a universal service act by the Senate and House armed services committees, where Democrats favor it and Republicans are militantly-mild.

But let—watch for squally weather which might wreck the legislative ship on the floor of both branches.

The rapid spread of the dreaded foot-and-mouth cattle disease in Mexico still has the government and American cattlemen worried.

Right now the nation's cattle industry is demanding immediate construction of a strong fence running from the Pacific coast to the Gulf of Mexico to protect its livestock.

A group of agriculture department specialists, headed by Dr. S. O. Fladness, has been sent to Mexico to reinforce an earlier delegation dispatched to help stamp out the disease there.

Cattlemen warn that the disease could be brought into the United States by any stray infected livestock, deer or coyotes. It might be necessary, they say, for the army to patrol the border.

Any action is expected to await negotiation of an agreement with Mexico for joint steps in combating the disease in the neighboring country.

Postmaster General Bob Hannegan is back on the job after a long rest and hospital treatment. And one of his first orders was to warn postal employees to be careful in handling mail—particularly parcel post.

Hannegan illustrated his order by the following illustration which he outlined to employees:

A citizen spent two days dictating and packing dictaphone records so that they would withstand ordinary handling. He then took his package to a post office for mailing. A postal employee accepted the bundle and then, to the shipper's horror, threw the package into a container 20 feet away.

Hannegan did not like that. He

Views Of The News

By J. C. OESTREICHER
(I. N. S. Foreign Editor)

New efforts by the French government of Premier Paul Ramadier to bring French prices into line and thereby contribute to recovery of all Europe's economy threw focus today upon the complete disorganization of finances abroad.

Despite loans from the United States, extensive credits from the American Export and Import Bank and emergency measures on their own, European countries still have a barren system and what might be called "the American cigarette trust company."

A cigarette buys more than dollars. A pocketful of smoked-out butts will bring a loaf of bread in France, in Holland, in Belgium and in Germany.

A band-nap package is worth the equivalent of a dollar and a half in any black market of the continent. Three packs will buy a serviceable camera, ten cartons an electric refrigerator and fifty cartons an automobile.

There are reliable estimates that under this strange system of financing a continental economy, the cigarettes change hands ten times before they are smoked.

They are sold illegally to begin with. The man who buys half a package divides that again in half, and sells the remaining portion to someone with funds who in turn can

told workers in his department: "The disappointment resulting from such an experience cannot be relieved by the payment of indemnity."

Organized labor has held on to its war-time gains in membership since V-J day in marked contrast to the huge drop in union rolls which occurred after World War I.

Unions boosted their membership to over 14 million during the recent war and the figure is holding firm a year after the end of the fighting. The CIO United Auto Workers lost heavily, but other unions gained. The International Association of Machinists claims a gain of 100,000 in the past year; the AFL Railway Clerks, 30,000, and the independent Telephone Workers about 50,000.

Capitol Hill has a great admiration for new Secretary of State George C. Marshall, but congressional observers have uncovered what are believed to be potential steps to use his life-long career as a political weapon against the Democrats in 1948.

They know that Marshall has disavowed any political ambitions. But there are indications that Republicans will call President Truman to task for filling high civilian offices with military men.

Some Republicans feel Mr. Truman has relied heavily on the army during his presidential tenure. In fact one GOP senator thinks the recent army-navy merger was largely the presidents' work.

Just Folks

By EDGAR A. GUEST

HIGH-HAT MEMORY

When I was eight or nine or ten I loved snow-balling top-hat men. Behind a tree in winter I'd see Some gentlemen's top hats to spy, And never thinking I should not, With impish glee I'd take a shot.

Of all the targets boyhood had, When I was a mischievous lad, A youngster's throwing arm to test, A gentleman's silk hat was best. In winter never one went by, But what to knock it off I'd try.

Now me! how swiftly time has flown! Ah me! and temple-gray I've grown, But on my head has never been A high hat with its sliken sheen; I've been afraid behind a tree Some boy would lie in wait for me.

OLD CHECK

MANHATTAN, Kans.—(INS)—A check for \$1,000, dated October, 25, 1893, was found recently by I. C. McMannis, custodian, in the reading room at Kansas State college, Manhattan. Signed by H. C. Cutler, the check was payable to George E. Bray, nationally-known industrial engineer.

Washington Is Extolled In Talk

Attorney William J. Caldwell Tells Rotarians What Made Washington Great

MANY HANDICAPS WERE OVERCOME

Attorney William J. Caldwell, in an address before the New Castle Rotary club Monday noon, told his fellow Rotarians of many of the handicaps which our first president and great Revolutionary leader had to overcome in achieving the great place he deserves in history, in speaking on "Washington".

When his father died at an early period in Washington's life, he was placed in the care of his brother Augustine. Between the ages of 11 and 16, while he lived with his brother, he had only his formal schooling, but in that time he learned as much mathematics as the ordinary college student, enough to become a surveyor.

Then he went to Mt. Vernon to live with another brother, Lawrence, and when the latter died when Washington was 20 years of age, Washington bought out Lawrence's widow and took over Mt. Vernon.

Washington has suffered much at the hands of his biographers. Attorney Caldwell stated, all of whom have overlooked much of the human side of Washington.

Overcame Many Handicaps
He had to overcome many handicaps, particularly those of poor health. Although this is not generally known, Washington had smallpox at the age of 19, suffered from tumors, ulcers, bronchitis and had bad teeth. He was very ill at the time of Braddock's defeat, the speaker related.

He always was conscious of his lack of education, men like Hamilton and Jefferson overshadowing him intellectually, which caused him to withdraw into his shell.

He was unsuccessful in love and was rejected by four women, but finally married Martha Dandridge Curtis, who made him a good wife. She never bore him any children, however, a great disappointment to him, Mr. Caldwell stated.

Washington never won any great victories, but became stronger in his defeats because of the indomitable heroism he displayed. His words to his doctor on his deathbed revealed the spirit which motivated him throughout his life, the speaker said. These were, "I die hard, but I am not afraid to die."

Lawrence Caravan Will Have Ladies Night On Friday

Dinner And Entertainment Planned For Friday Evening In The Cathedral

Ladies Night will be observed on Friday evening by Lawrence Caravan, No. 15, of Syria Temple, A.A.O.N.M.S., it is announced today by Paul E. Berry, general chairman, and a splendid program has been arranged for the occasion.

Today is the last day for making reservations for the event, the committee states.

There will be a dinner at 6:30 o'clock, with nice favors for the ladies, which will be followed by an outstanding program of entertainment.

ARMY TO RETAIN VALLEY FORGE AS GENERAL HOSPITAL

PHILADELPHIA, Feb. 18.—(INS)—Col. Harry A. Bishop disclosed today the Army will retain control of Valley Forge General hospital indefinitely—perhaps for years.

Col. Bishop, hospital division chief of the surgeon general's office, explained there were increasing demands for the institution's services because of the cutback in the Army's general hospital program.

Originally, the Valley Forge hospital was slated to be turned over to the Veterans administration last Dec. 31.

MT. HERMON

Mrs. Nellie Perschke entertained the W. S. M. of Mt. Hermon Thursday at an all-day meeting sewing and quilting. A tureen dinner was served at noon by the hostess and her aides. Mrs. Rhoda Book led devotionals. Next meeting will be at the home of Mrs. Nancy Blair.

J. A. Book spent several days in Harrisburg last week.

Mrs. Will Book, of New Castle, Mrs. S. J. Hunt, Miss Margaret Nolan and Mrs. Florence Stevenson were dinner guests of Mrs. Jennie White of Princeton Thursday evening.

Clair Book, of Camp Dix, N. J., spent the week end with his parents, Mr. and Mrs. Ed Book.

Mr. and Mrs. Don Rieber visited their aunt, Mrs. Davis, at Ellwood City hospital on Thursday also called on Mr. and Mrs. Ben Stevenson.

Rev. Thomas Jones Speaks At Synagogue

Exchange Of Pulpits Exercised In Observance Of Brotherhood Week

In keeping with the spirit of Brotherhood Week, an exchange of pulpits took place Friday evening with Rev. Thomas J. Jones occupying the pulpit at Tifereth Israel synagogue.

Rev. Jones gave an inspiring message to the large group of Jewish and non-Jewish people who attended the services. His topic was taken from the book of Job, "His Words Shall Make Men Stand on Their Feet".

In his message Rev. Jones urged all not to despair, but to believe and to have great faith. Use the ideology of the great divine and apply them to practical everyday living and the struggle will seem less trying and the future brighter.

This week the nation is observing Brotherhood Week and Rev. Jones dwelled on this subject, urging the cooperation of good will and understanding among men of all faiths and creed. Be of a charitable heart and treat your fellowmen as brothers. His talk was well received.

A social hour ensued in the social rooms of the synagogue.

Self-Wounded Man Will Face Charges In Woman's Death

YORK, Pa., Feb. 18.—(INS)—Grant F. Logan, 31, of Glen Rock, Monday was charged with the fatal shooting of Mrs. Hazel H. Wagner, 32-year-old friend of his estranged wife. He was held under police guard in the York hospital where he was recovering from self-inflicted bullet wounds in the chest.

The widow of a soldier, Mrs. Wagner told police before she died in the same hospital last night that Logan shot her when she tried to keep him from entering her house where his wife, Pauline, 30, had been living since their separation two weeks ago. The bullet entered her body below the heart.

Police said Logan told hospital attendants someone had shot him when he was admitted early this morning, but later admitted he had shot himself three times with a .32 calibre pistol. He claimed he threw the weapon away near the York Fair Grounds.

Mrs. Wagner's husband, Pvt. Phillip F. Wagner was killed in action in Italy, October 16, 1944.

Speculation On Probable Naming Of Gelder Again

HARRISBURG, Feb. 18.—(INS)—Much speculation has occurred on Capitol Hill as to whether Gov. James H. Duff will rename Frederick T. Gelder, of Forest City, chairman of the State Liquor Control Board. Duff has announced that the 72-year-old "dry" would be retained on the board but withheld any comment on the chairmanship. Gelder's term will expire November 29, 1949.

The appointment of Charles C. McGovern, 75-year-old Pittsburgher, has been applauded by Democrats as well as Republicans. Some leaders have expressed the belief that a central Pennsylvania resident may be named to the third \$10,000-a-year post on the agency which controls the commonwealth's \$150,000-a-year liquor monopoly. Philadelphia Republican chieftains were reported making a determined bid to have Duff name a Quaker City resident.

No Court Action On Lewis' Appeal

WASHINGTON, Feb. 18.—(INS)—The supreme court Monday started a two-week recess without acting on the appeal of John L. Lewis from a contempt of court conviction in the recent coal walkout.

The court will meet again on March 3. The Lewis case was argued before the high court Jan. 14.

Lewis and the United Mine Workers union were fined \$3,510,000 last December for failure to obey a district court order aimed at preventing the 17-day walkout of 400,000 miners.

WOLVES CLUB

Richard Rentz will be the speaker Tuesday evening at 6:30 o'clock at the dinner-meeting of the Wolves club, scheduled at the Castleton.

**American Legion Auxiliary
National Defense Dinner**

National Defense dinner of American Legion auxiliary to Perry S. Gaston Post No. 343 was held in the Legion Home, North Jefferson street, Monday evening. A bounteous twelve dinner was served at 6:30 o'clock in the dining room which was elaborately decorated with purple hearts and gold stars.

Mrs. Emma Probst, chairman, and Mrs. Ruth Conner, co-chairman, were in charge of the evening's program which opened with audience singing of "America" and invocation by Rev. William McCune.

Orville Potter aly served as toastmaster of the evening and in turn introduced the following who extended greetings: Mrs. Gertrude Speed, American Legion auxiliary president; Mrs. Evelyn Woods, V. F. W. department president; and Mrs. Thomas E. Coy, Jr., Meadville, American Legion western director.

Mrs. James Dennis, department president of American Legion auxiliary, sent her regret in being absent from the dinner. Miss Harriet Birk rendered the vocal solo "The Man I Love".

Gold Star Mothers who were honored guests of the occasion were introduced. They included: Mrs. John Dunt, Mrs. Rebecca McKissick, Mrs. Eva Sherry, Mrs. Ethel Murphy, Mrs. Nellie Farrell, Mrs. William McCune, Mrs. William Church, Mrs. Carrie Wehr and Mrs. E. A. Horschler.

Other honored guests were Mrs. E. L. Kurtz, president of the G. A.

R. Mrs. John Scott, president of United Spanish War auxiliary; Mrs. Mary Patterson, president of relief corps; Mrs. Ruth Brown, president of Marine Corps auxiliary; Mrs. Rebecca McKissick, president of V. F. W. auxiliary, No. 522; Mrs. Elmer Shaffer, president of V. F. W. auxiliary, No. 315.

Mrs. Walter Shaw sang the vocal solos "The Sweetest Song" and "God Bless Our Land". She was accompanied by Mrs. Worrell Jones, pianist of the evening. "Story of the Purple Heart" was given by Gene Schweinsburg, commander of Perry S. Gaston Post No. 343; Harriet Birk gave a performance twirling a baton followed by the audience singing the "Battle Hymn of the Republic". Mrs. John H. Templeton gave a talk on "National Defense" and the "Star Spangled Banner" was sung.

James Dennis, deputy chief of staff of V. F. W., was introduced to the audience.

Past president of the American Legion auxiliary who attended were Mrs. I. W. Miller, Miss Lillian Hartman, Mrs. E. J. Suber, Mrs. Orville Potter, Mrs. Hazel Cooper, Mrs. Frank Conner and Mrs. Wade Dougherty.

Committee in charge of kitchen arrangements: Mrs. Clara Speed, Mrs. Maude Forrester, Mrs. Elizabeth Miller and Mrs. Ethel Shaffer. Dining room committee was Mrs. Wade Dougherty, Mrs. Worrell Jones, Mrs. Florence Cartwright and Miss Lillian Hartman.

DINNER HONORS

GUEST FROM TEXAS

Mrs. Anna Belle White of Leisure avenue entertained Sunday in her home at a family dinner for her brother, George Latimer of Houston, Tex. Mr. Latimer, a lieutenant in the Merchant Marine, has just returned from four months' service in Egypt.

Places were arranged for 20 guests. Mrs. White was aided by her daughter, Mrs. Robert Doyle; her sister, Mrs. Wilbur Ruby, and her sister-in-law, Mrs. Glenn Latimer.

During the day the honored guest's wife called by telephone from Houston.

Mr. and Mrs. Glenn Latimer, accompanied by the Merchant Marine, will leave Wednesday by motor for an extended visit at the latter's home in Texas.

Jokers Club Meeting

Members of Jokers club were entertained at the home of Miss Jane McGrew, McClelland avenue, Saturday evening. The evening was spent playing games. Plans were made for members to go to Youngstown for a dinner-theater party on Thursday evening. Later a delicious lunch was served by the hostess.

Next regular meeting will be March 1 at the home of Mr. and Mrs. Jack Guido, 2 West Garfield avenue.

**HERSHEY AUXILIARY
ELECTS AT DINNER**

Hershey auxiliary of the First Presbyterian church at its annual dinner meeting in the dining room of the church elected officers for the coming year. Mrs. Roy Snyder, Mrs. Russell Melvin, Mrs. H. W. Lightner, Mrs. David Long, Mrs. H. L. Dague, Mrs. William Prantz, and Mrs. A. B. Pankhauser were hostesses.

Officers elected are: president, Mrs. Lucien Black; first vice president, Mrs. Walter A. Trimble; second vice president, Mrs. Alex G. Matheson; third vice president, Mrs. H. E. Golder; secretary, Mrs. G. Wilfred Thomas; corresponding secretary, Mrs. Frank Smith; treasurer, Miss Margaret Sankey; assistant treasurer, Mrs. M. A. McLaure. Departmental secretaries, all elected to serve for another year are: literature, Miss May Martin; stewardship, Mrs. James Ball; missionary education, Mrs. James Rhodes; spiritual life, Mrs. J. A. McNeill; national mission sewing, Mrs. Carl Devlin; social education, Miss Marguerite White. Mrs. J. J. McIlvaine presided.

Music that was the feature of entertainment following dinner, in charge of Mrs. Paul Melvin, opened with two piano duets played by the Misses Peggy and Ruth Weir.

Tom Wlad, cellist, played two selections accompanied to the piano by Miss Lois Baum.

Soloist Harry Masters' selections were "Song of Songs" and "Asleep in the Deep". Miss Peggy Weir was accompanist.

Devotionals on "Prayer" were led by Mrs. Earle M. Cass. Annual reports from all officers showed the past year a highly successful one. Announcement was made of the tea on Thursday at the church sponsored by the missionary cabinet for members of the church and guests.

Next meeting of the auxiliary will be March 3.

**PAST MATRONS HAVE
LUNCHEON MEETING**

Past Matrons of Shenango chapter No. 333 Order of Eastern Star were entertained at a 1 o'clock luncheon Saturday at a tearoom on Wilmington road with Mrs. Lena Weber as hostess.

A business meeting was later held with Mrs. Weber, president, presiding. Routine business was conducted and discussion held concerning coming events, among them being installation of the chapter which will be held on March 17. Plans were made for another social meeting on April 29. Committee will be Mrs. Agnes Allen, Mrs. Bernice Brown, Mrs. Martha Berkheimer, Mrs. Edna Gibson, Mrs. Mildred Doerr, and Mrs. Evelyn McKibben.

Balance of the afternoon was spent informally with prizes being awarded Mrs. Bernice Brown and Mrs. Agnes Allen.

**HARLANSBURG CLUB
TO MEET WEDNESDAY**

Harlanburg Garden club will have a valentine exchange box as a feature of its February meeting to take place Wednesday afternoon at 2 o'clock in the home of Mrs. Thomas West, Jr., Harlanburg. Each member has been asked to take a valentine for the box.

All-Together Club

Mrs. Elizabeth Cubellis, was hostess to the All-Together club, Monday evening in the South Mill street club rooms, with co-hostesses being Mrs. Mary Crudell, Mrs. Rose Coll and Mrs. Assunta Sabelli.

Tables of cards were in play, high score trophies going to Mrs. Adeline Volpe, Mrs. Albert Colella, Mrs. Joseph Sansosti, and Mrs. Anthony Donofrio.

Two new members were: Mrs. Albert Colella and Mrs. Genevieve Micaletti. A dainty lunch was served later, Mrs. Domenick Ceci, aiding.

March 3, is the next meeting, hostess to be: Mrs. Domenick Ceci, Mrs. Louise Pegnano, Mrs. Anthony Donofrio and Mrs. Ageline Lombardo.

Cavalier Club

Cavalier club members met with Mrs. Louis Mastrangelo, Phillips street, recently cards and games were the pastimes.

Mrs. Thomas Beatrice captured the prize. Plans for a pre-lenten party was scheduled for this evening with Mrs. Joseph Bosco, Luton street. The hostess was presented with a gift later.

A dainty lunch was served later by the hostess, aided by Mrs. Beatrice.

Mrs. Sam Flora, Maitland street, will be hostess after Lent.

WASHINGTON CALLING

(Continued from Page Four)

Republican says: "Don't you know the people voted on the new deal and all that spending on November 5?"

In part, at least, that is true. There was a revolt last November against something known vaguely as the new deal. But one thing is certain. The voters on November 5 did vote for a return to the OLD DEAL of pre-1933. Republicans who think they did may be badly fooled in 1948.

"Voice Of U.S." On Air, For Benefit Of Russia

WASHINGTON, Feb. 18—(INS)—The "voice of the United States of America" went on the air in Russia Monday in an effort to give the Soviet people some unvarnished and unbiased facts about what goes on in this country.

At 1 p. m. EST (9:00 p. m. Moscow time), the International Broadcasting division of the state department inaugurated its 25th foreign-language broadcast to let the people of the world have "the pure and unadulterated truth" about American life and philosophy.

The curtain-riser—first of a daily one-hour broadcast—mixed up a straight world news report, typical American music and a narrator's dissertation of how the 48 states function both independently and within the framework of the federal union.

Also, the announcer told in Russian how American scientists had developed a synthetic chemical substance called piribenzamin which was giving marked relief to sufferers from hay fever, nettle fever and bronchial asthma.

Another scientific feature dealt with was a new method of photographing infra-red rays. Through use of highly sensitive photo-elements, U. S. astronomers are now able to study stars in the Milky Way of a brilliance fifteen times smaller than heretofore available for observation.

Musical on the program featured "Turkey in the Straw," a medley of cowboy tunes including "Giddy Up Little Doves," "Sittin' Up Hollar," and "The Old Chisholm Trail"; plus Cole Porter's "Night and Day." The program opened and closed on bars from "The Battle Hymn of the Republic."

The dissertation on the governmental make-up of the United States was of a primer nature insofar as American citizens are concerned.

One voice asked, and another answered: "Why one state can impose a higher tax than another."

Why traffic laws are different in various states:

Why there is a distinction between criminal and civil laws of the several states.

The revolution and the civil war were touched upon lightly as the picture of the American government and its constitution was drawn.

For some years, the state department has been broadcasting short-wave to Latin America and various parts of Europe and Africa, employing 24 different languages.

Today's beam at the Moscow area, originating in New York and relayed through Munich, was the first effort to bring the word home to Russian-speaking peoples.

Asks Sanction To Have 'Board' Erected

Glenn McCracken, of the Red Cross, requested council Monday for permission to have a billboard to aid in civic promotions placed on the Public Square. He said a local concern had agreed to put a permanent billboard up, place the posts and landscape it if the board would be permanent. Council took the matter under advisement, indicating they did not favor a permanent billboard.

Prosecution Of Dog Owners Starts

Dog Enforcement Agent Howard
McClure Will Begin Prosecu-
tions This Week

Prosecution of owners of unlicensed dogs will get under way in Lawrence county this week, dog law enforcement agent, Howard McClure, announced today.

Owners have been given a month's grace by the authorities here in order to give them ample time to comply with the law and secure tags for their dogs, but so far only 4,617 licenses have been procured, against 9,538 last year.

Mr. McClure also warns owners that the mere procuring of a tag does not exempt them from prosecution if they do not affix the tags to the collar of the dog. They are liable to the same penalty as if they had not secured a tag, as the tags are supposed to be placed on the dog's collar and worn at all times.

FIRST REPORT IN CAMPAIGN AT THIRD U. P.

Third United Presbyterian Sabbath school got off to a good start in the pre-Easter attendance campaign which started throughout this district Sunday with an attendance of 480 and of that number 307 remained for the church service. Junior church was conducted by Mrs. Horace Allen and her committee with more than 30 in attendance.

Several classes have challenged other groups with the following results in percentages:

N. L. B. class 67.3 vs. Men's Bible class 54.6.

W. W. M. G. class 95.8 vs. Open Door class 95.

Loyal Band 71.9 vs. Truth Seekers 70.6.

Queen Esther's 80.7 vs. S. B. Copeland class 68.3.

True Blue class, 88.8 vs. M. Hamilton class 75.4.

Intermediate:

Junior Young People 65.2 vs. Senior Young People 50.6.

Other classes and departments percentages are as follows:

Beginners department 51.3

Primary department 70.7

Junior department 77.1

Teachers and Officers 87.7

Women's Bible class 75

A. J. Minick class 25

In the Primary department a cross-country airplane race is in progress with Mrs. Thomas Coultas' class out in front, well on the way to Pittsburgh from New York City.

The Junior department is conducting a Great Lakes contest which gives every indication of being a most interesting form of contest.

In the Intermediate-Junior Young People's department the superintendent, Mrs. George Glass, has announced that the class with the highest percentage of attendance during the eight weeks of the campaign will receive as an award a picture for their classroom. Mrs. William Schoenfeld's class of girls is ahead in this with 100 per cent attendance.

Next Sunday morning the entire school will assemble in the auditorium for the worship service period. Special music has been arranged for this service.

Health Talks

City Health Superintendent

BOYS AND MILK

Boys and girls are in the building business. They are building bodies and minds.

They need good materials, milk is one of the best of materials.

It provides many things which help to build good bodies.

Sunshine helps the work along.

Boys and girls need lots of sunshine.

Milk does not stand sunshine very well. It should be kept away from sunlight.

The best place for milk is in a boys stomach. He will change milk into brains and teeth.

People who are born and live in temperate and moderately cold climates tend to live longer than those who stay in the tropics, according to the Encyclopedia Britannica.

HOLLYWOOD, Feb. 18—(INS)—Little Margaret O'Brien wants to do something no child star ever has attempted before. She wants to play a double role on the screen, that is a task generally reserved for such dramatic stars as Bette Davis or Olivia De Havilland.

Margaret's pretty mother, Gladys, already has made the first overtures to the M-G-M front office, with the hopes that it will win the approval of Louis B. Mayer in person.

"I'm sure she would do a wonderful job, don't you?" Mrs. O'Brien said to your reporter. When she found vigorous agreement, Gladys continued:

"You'd think that when Margaret finishes her work at the studio, she'd have enough but when she gets home she's always play acting."

"One of her favorites is to play the roles of two girls, one of them poor and the other rich. She enjoys being the poor girl the most."

"When Margaret isn't doing that I frequently find her in front of my make-up table, rigging herself out as some adult star. One night last week she was pretending she was Ingrid Bergman."

"Another time I came in and she had made herself up very heavily and taken a brand new slip and torn it so she could pull it down over her shoulders."

"I asked, who are you now, Margaret?" She replied with an accent, I am Jennifer Jones. She'd evidently seen some of the advertising posters for *Duel in the Sun*.

SEEKS DIVORCE

RENO, Feb. 18—Henry Breckenridge of New York filed suit in Reno for a divorce from Aida De Acosta

Breckenridge charging three years separation.

Mrs. Breckenridge the first woman to fly in a dirigible is prominent in art and athletic circles and a leader in child health and Red Cross work. She was previously married to the late nephew of Ellihu Root and has one son by that marriage, Oren Root, Jr.

The Breckinridges were married in Washington, D. C., Aug. 25, 1927. He was once a candidate for U. S. senator in New York and is prominent also in Washington and Chicago.

Biblical subjects and verses were set in Pennsylvania-German iron fireplace stoves and firebricks to instruct the gathered company while they enjoyed the heat. Pennsylvania-German furniture may be seen in the Metropolitan Museum of Art, New York City, in the American wing.

The flow of the Mississippi river may vary from 100,000 cubic feet per second to more than 2,000,000.

The first fully automatic electric range was produced in 1917.

NOW...at your grocer's THE FAMOUS WONDER WHEAT BREAD REDUCING PLAN!

That "Burns Off" Fat Without Drugs or Violent Exercise!

Based on the Same Sound Medical Principle for Slenderizing
Proved So Effective by Thousands of Women Everywhere!

NO STARVING! NO DRUGS!
NO VIOLENT EXERCISE!

Get At Your Grocer's Now!

What It Is And
How It Works

If you are overweight due to excess fat, here now is a way you can reduce to that normally slim, military-looking, trim figure you should have. A way not only proved, but requiring no drugs or violent exercises.

And—unless there is some abnormal condition, in which case you should see a doctor—it is guaranteed to "burn off" excess fat because based on a proved principle of medical science.

Of course, check with your doctor first, and then, in the interest of health and a better figure—why not do now what you know you should do—start today and get rid of some of those ugly rolls of fat that now give you an unsightly "3-Bump" figure.

The whole idea of this plan is to provide good food in an amount which

permits you to slenderize without medication or strenuous exercise.

"Burns Off" Excess Fat

There's no dosing with racking salts or pulling yourself to pieces with violent exercising. And no fainting on a lettuce leaf. This way you even eat many desserts!

You follow the scientific principle proved by doctors that to reduce safely (avoid acidosis) you must get at least a pound of carbohydrates—which provides "the flame fat burns in"—for every pound of fat you burn off.

Simple and Convenient

And it's all so simple. Any woman who can multiply the weight she would like

to be by 15 and then subtract 400 can do it.

It is the famous Wonder Wheat Bread Reducing Plan proved so amazingly effective by thousands of women before the war.

And you can get it at your grocer's with every loaf of pre-war quality Wonder Wheat Bread—containing Vitamin B₁.

This vitamin is one science has found necessary to help transform the carbohydrates in bread into "the flame fat burns in."

Then, too, this new Wonder Wheat Bread is made with a specially blended flour which retains moisture better than ordinary whole wheat flour. So you'll find this new Wonder Wheat Bread fresh and delicious!

Just ask your grocer for the Wonder Wheat Bread and the Reducing Plan today—start burning off unsightly fat tomorrow. Supplies limited—get your copy at once.

Continental Baking Co., Inc.

NOTE: Wonder Wheat Bread is not a reducing bread—Wonder Wheat Bread simply supplies carbohydrates and Vitamin B₁ needed to help burn up fat.

County To Ask Memorial Plan

Commissioners To Ask For
Proposed Plans For
Memorial

OTHER NEWS OF
COUNTY COURT

Definite action upon erecting a memorial to the men of Lawrence County who died in World War II was taken Monday when the county commissioners met. A resolution passed authorizing the advertising for proposed plans for a memorial. Following the selection of a plan, bids will be asked for the construction of it.

The commissioners already have a plan which shows a twenty foot shaft rising from a stone floor and a stone wall surrounding three sides of it. The plan has met with favorable comment by the commissioners but it is not accepted as yet. The cost of erecting such a memorial would approximate \$15,000 it is estimated, a price level which is about what the commissioners have in mind.

To Sell Equipment
The county commissioners on Monday agreed to sell the photostatic equipment which was used by Register and Recorder Orville Potter for the registration of military discharges. The equipment more than paid for itself but is no longer needed.

Juvenile Court
Judge W. Walter Brahm held a session of juvenile court Monday morning. A number of youngsters were before him on various charges.

Resigns Trusteeship
In a petition to the court, Robert C. Love asks that he be permitted to resign his trusteeship of the Greer estate and that in his place Mrs. Amanda Greer Love be appointed.

"FOLLOW ME!" The ringing battle-cry of the Infantryman is the stirring command of the leader. And nowhere else in the world—in war and in peace—are so many great leaders developed as in the Army Ground Forces. The American ground soldier is known for his ability to carry out any assignment with resourcefulness and initiative—the qualities that make leaders in civilian life as well as the Army.

The Ground Forces can not only teach you leadership—they can equip you with fine job training to go with it. In peacetime, the Army makes training available in many valuable skills and trades.

Remember, too, that increased Army pay scales are now in effect, and that you receive 20% additional pay for overseas service.

Thousands of outstanding young men, able to meet the new higher standards required, are enlisting in the Regular Army. And because of the special advantages offered, the majority of them are enlisting for 3 years. If you are looking for the road to a profitable future, your nearest U. S. Army Recruiting Station can furnish all details.

• Listen to: "Sound Off," "Warriors of Peace," "Voice of the Army," and "Proudly We Hall" on your radio.

THE ARMY GROUND FORCES— WORLD'S GREATEST SCHOOL FOR

LEADERSHIP

Highlights of Regular Army Enlistment

1. Choice of any branch of service which still has quotas to be filled, and of certain overseas theaters which still have openings, on 3-year enlistments.
2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
3. A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
4. Leave credit accrues at the rate of 30 days per year of service.
5. Mustering-out pay for all men eligible therefor, when discharged to enlist or reenlist.
6. Educational benefits under GI Bill of Rights for men who enlist before official termination of war and remain in service 90 days or more.
7. Family allowances for dependents of men enlisting or reenlisting continue until 6 months after official termination of war.
8. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
9. Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous honorable active federal military service counts toward retirement.

NEW, HIGHER PAY FOR ARMY MEN

In Addition to Food, Lodging, Clothes and Medical Care

	Starting Base Pay Per Month	MONTHLY RETIREMENT INCOME AFTER: 20 Years' Service	30 Years' Service
Master Sergeant or First Sergeant	\$165.00	\$107.25	\$185.63
Technical Sergeant	135.00	87.75	151.88
Staff Sergeant	115.00	74.75	129.38
Sergeant	100.00	65.00	112.50
Corporal	90.00	58.50	101.25
Private First Class	80.00	52.00	90.00
Private	75.00	48.75	84.38

In Addition to Column One of the Above: 20% Increase for Service Overseas. 50% Increase, up to \$50 Maximum Per Month, if Member of Flying or Glider Crews. \$50 Per Month for Parachutists (Not in Flying-pay Status) while Engaged upon Parachute Duty. 5% Increase in Pay for Each 3 Years of Service.

RELIEF AT LAST For Your Cough
Students of the George Washington Junior High school will present a ten-minute program on "Brotherhood" at the weekly luncheon meeting of the club in The Castleton Wednesday noon. In addition, there will be a motion picture entitled, "Goodbye, Weeds," furnished through the courtesy of Sherwin Williams Co. The club bowlers are doing a lot of practicing this week in preparation for the Division Two bowling tournament, which will take place in Beaver Falls, February 28. The New Castle team hopes to be still there when they turn out the lights on the winner.

ELSIE.

The word matinee comes from the French "matin," or morning, but most such performances are given in the afternoon.

Relief At Last For Your Cough
Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beachwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Catholic Church Plan For Lent Observance

Lent, one of the most important seasons of the liturgical year begins in the Roman Catholic churches on Ash Wednesday, February 19, and will be observed by all Catholics.

With the four Sundays of Lent and Passion and Palm Sunday deducted, there are only 36 penitential days in the 56 complete weeks of Lent, so that in order to obtain the full number of 40 days, the four days preceding the first Sunday of Lent are added, thereby making the Lenten season begin on a Wednesday.

Lent divided itself into two parts. The first commences on Ash Wednesday and ends on Passion Sunday. The second, more solemn part, extends from Passion Sunday until noon of Holy Saturday, the end of Lent. These two weeks termed "the great fortnight," are called Passion-time. The many changes in the liturgy in Lent serve to emphasize the solemnity which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Good Taste
By FRANCES MARTEL

ENGAGEMENTS

"Please give me all possible information on engagements. How should they be announced, and by whom. Is it permissible for the man's parents to make the announcement if the girl's mother and father are not living? Must the fiancée's family give a party for the engaged pair? Who should be invited? Who gives showers?"

Answer: An engagement should be announced by the parents of the bride-to-be. If they are not living, her next of kin should do it, preferably grandparents, an uncle and aunt or an older brother and his wife or sister and her husband. The announcement should not be made by the man she is going to marry or any member of his family. It should be made on engraved cards sent out by the girl's family.

There need really be no general announcement, other than verbally and in the local newspaper. However, if they so wish, the girl's parents may give an evening party for her, an afternoon tea or a dinner party. The families and friends of both should be invited.

It is customary, after the announcement, especially one that is made verbally, for the groom's parents to call immediately on the bride and her family. This call should be returned within a week or ten days. Although it is not necessary, it is usual for the man's parents to follow their call upon their son's fiancée with a dinner invitation to her family. It is also very gracious for his parents to give a party or a tea in her honor, although, as I said, this is not absolutely necessary.

Neither the groom's nor the bride's relatives should "show" the bride. This type of entertainment should be given by friends.

never by the members of either family.

Question: Are wedding gifts usually sent to a divorcee who remarries?

Answer: Very close friends send presents to the widow or divorcee who remarries, but general acquaintances usually do not, unless they especially wish. There is no obligation to do this at the second marriage as there is at the first.

Present your problems to Miss Martel who will promptly mail personal replies to questions from readers inclosing stamped, self-addressed envelopes.

CONFESSES TRUCK THEFT

Thomas James Kelly, about 18, at 8:55 p. m. Monday surrendered himself to police, having confessed he stole an auto owned by Harold Hanna, R. D. 2, from East Brook street, after which it struck a cement wall at Dewey avenue and Martin street. He was held in the city jail pending making of an information against him by Police Chief Robert D. Hanna.

The most valuable crown in the world is the imperial state crown made for Queen Victoria, in 1838. It contains a ruby as large as a small hen's egg, a diamond weighing 309 carats, and more than 2,500 smaller diamonds, with emeralds, sapphires and pearls, according to the Encyclopedia Britannica.

Lay Plans For
Y. M. C. A. DriveMembership Committee Has
Meeting Monday Afternoon; Dinner Meeting
March 5

Chairman Richard E. Rentz met with his Y. M. C. A. membership committee Monday afternoon and tentative plans for the association's annual member recruiting drive were made.

It was announced that the first organizational dinner will be held March 5, at which time the younger boys of the branch will get their instructions and be divided into teams by David Gatrill, boys' work director.

Both senior and junior members will meet at another dinner March 13 to formulate final campaign plans and report meetings are scheduled for March 20 and 27.

Team captains and chairmen for the effort were not named at Monday's meeting but will be released in the near future.

The drive this year will be under the direction of William Winter, activities and membership secretary of the branch.

Springfield Gets
Newspaper After
145 Days Strike

SPRINGFIELD, Mass., Feb. 18.—(INS)—News-hungry Springfield residents awaited eagerly today the second issue of the Daily News following 145 days without a local paper because of a strike. The management expressed "hope" of getting out another paper today.

Twenty thousand copies were printed and sold within minutes late yesterday afternoon selling from five cents to \$1 each.

Executive news editor Frank Kelly announced hope of getting out another edition today, but admitted it might be difficult. He said:

"Some of our workers are in the building. Some are out. They couldn't get in."

They were prevented from entering the plant by picket lines, established by the American Newspaper Guild, CIO, and the AFL, I. T. U. and Pressmen's unions.

Yesterday's edition was put together by a non-union force after a few weeks' training. Truck drivers ran stereotyping equipment and the press. Office stenographers and clerks set the type.

Red Cross Ward, Precinct Leaders To Meet Thursday

Chairmen Will Map Plans For Drive At Luncheon Meeting In The Castleton

Ward and precinct chairmen appointed to handle the canvass of residential areas during the Red Cross drive will meet at a luncheon at 1:30 p. m. Thursday in the Castleton hotel, it was announced today by Mrs. Ray Caruthers, chairman of the group.

Co-chairmen of this year's drive, S. Glenn McCracken and Austin A. Webb, will also attend the meeting and Mrs. Elizabeth Gillespie of the Lawrence county chapter will address the workers.

Mrs. Caruthers today made an appeal for workers to assist in this year's effort and requested all those persons interested to register at the local chapter house.

Ward chairmen for the campaign are: First ward, Mrs. John Meehan and Mrs. John Purdy; second ward, Mrs. Roy Long; third ward, Mrs. J. P. Grossman; fourth ward, Mrs. Edward Davenport; fifth ward, Mrs. Jacob Hetrick; sixth ward, Mrs. George Strehler; seventh ward, Mrs. George Horchler; eighth ward, Mrs. Harry Long and Mrs. John Wajert.

Air Cleaner May Be Great Aid To Hay Fever Victims

PITTSBURGH, Feb. 18.—(INS)—Hay fever sufferers may not have to suffer next summer if a new electrostatic air cleaner, now perfected, is marketed as rapidly as anticipated.

The new air cleaner, known as the Raytheon precipitator, is expected on the market within a month. By ionizing even microscopic particles in the air, such as pollen and tobacco smoke, it completely cleans incoming air. The dirt thus gathered is precipitated to the bottom of the cabinet in which the cleaner is housed, and can be flushed out, or brushed out.

The entire mechanism is only slightly larger than a floor model radio. It is expected to retail at about \$500.

U. S. WILL AID MEXICO BATTLE FOOT DISEASE

WASHINGTON, Feb. 18.—(INS)—The Senate today passed and sent to the House a bill to give United States aid to Mexico in its fight against foot-and-mouth disease of cattle.

The measure would authorize Secretary of Agriculture Clinton P. Anderson to cooperate with officials of other American countries. And to spend United States money in an effort to check the spread of the disease.

Anderson told the Senate Agriculture committee he hopes to win agreement on a plan to isolate the disease in southern Mexico and prevent its spread northward into United States.

ABOARD DESTROYER

Earl Robert Glasgow, fireman second class, son of Mr. and Mrs. Earl Glasgow, 241 South Main street, Bessemer, is serving aboard the destroyer USS H. J. Ellison. Glasgow entered naval service in February, 1942, and received his recruit training at the Naval Training Center, Newport, R. I.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matters stay in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Ministers Discuss Churches' Place In Community Affairs

Holy Week Services Will Be Abandoned This Year; Good Friday Services Will Be Held

In a timely discussion on Monday during the regular meeting of the New Castle Ministerial Association in the First Presbyterian church, North Jefferson at Falls street, the assembled pastors gave their views on the subject: "The Influence of the Church On the Community." Dr. D. L. Ferguson was chairman of the forum in which each minister present participated.

Preceding the order of the day, Rev. J. Calvin Rose conducted the period of devotions. Rev. A. E. Simon, president of the association, conducted the business period.

Rev. K. T. Yahn of Wampum introduced to the group, Rev. J. Thordauer, new pastor of the Wampum Presbyterian church. A letter of recommendation concerning Rev. J. Paul Graham, pastor of the Third U. P. church was also read.

Mrs. William J. Caldwell, announced briefly of the coming presentation of the oratorio, "Hosanna Novissima," May 11, in the First Methodist church.

Rev. O. W. Hurst gave a report on his conference with Mayor Haven concerning the curfew. Cooperation was promised by the Mayor that the situation will be given all due consideration.

A. A. Webb announced that the month of March will be designated as Red Cross Month when the annual drive for funds will take place. Next Sunday, February 23, will be designated as Red Cross Sunday in the churches.

The decision was made by the group to dispense with the annual Holy Week services and concentrate on the three hour Good Friday services. The lack of attendance at the noon services prompted the action.

Legion Of Honor To Have Annual Patriotic Dinner

Memory Of General Washington Will Be Honored And Courtesy Extended Consistory Officers

Members of the Legion of Honor of the Valley of New Castle Consistory will have their annual Washington's Birthday Dinner on Tuesday evening at 6:30 o'clock in the dining room of The Cathedral. Officers of the various coordinate bodies of the Consistory will be guests of honor on the occasion. General Chairman C. C. Sweeney announces.

Hon. W. Walter Braham will be the speaker of the evening and will give a patriotic address appropriate to the occasion.

The event is always looked forward to with great expectancy by the Consistory officers and members of the Legion of Honor, and the committee expects this year's dinner to live up to its past reputation.

B'nai B'rith To Observe Anniversary

Fortieth Anniversary Scheduled For Wednesday Evening At Temple Israel

In observance of the 40th anniversary of the B'nai B'rith lodge, a civic organization, a special program event is scheduled for Wednesday evening, February 19, at 8:30 o'clock, at Temple Israel.

The evening will also be a presidents' night, held in conjunction with the anniversary.

An impressive memorial service is planned for those who have passed on, in recognition of their services to the order. The speaker of the evening will be Theodore H. Cook, secretary of district grand lodge No. 3, who has been associated in a professional and non-professional capacity of the lodge for the past 15 years. He studies for the Rabbinate at the Hebrew Union College of Cincinnati, and the Hebrew University at Jerusalem, Palestine.

At the conclusion of the meeting refreshments will be served by the committee in charge. A large turnout is expected according to the committee.

State Police Say:

One sure sign of a good driver is the way he makes a turn. In turning to the left, be so close to the center of the road that no car behind can pass on your left without going over on the wrong side of the road. In turning to the right, leave no room for cars to pass on your right side. Be sure to signal, too. Shift early so that both hands will be free for the wheel. Then approach the corner slowly. Wait for your opening, and move through carefully.

News Directors For Radio Work On Ethics Code

WASHINGTON, Feb. 18.—(INS)—The newly formed National Association of Radio News Directors announced today that its standards committee has begun work on a code of ethics for radio news broadcasting.

Association President John F. Hogan, of Station WCHS, Portland, Me., said the code probably will be completed in 30 days. The committee then will open a study of standards looking toward the improvement of radio news presentation in general.

The committee, headed by Serno B. Gammell, news director of Station WTHH, Hartford, Conn., also will consider the need for a style book for radio news departments. Hogan said radio has done an excellent news job in the past but "there still is room for improvement."

Association members pointed out in their Cleveland convention last fall that too often the mistakes of a few stations reflect upon all stations.

Serving with Gammell of the Standards committee are Jack Krueger, of WTMJ, Milwaukee; Jack Kness, of WBT, Charlotte; Soren Munkof, of WOW, Omaha; and Fred M. Hinshaw, of WLBC, Muncie, Ind.

President's Daughter Observes Birthday

WASHINGTON, Feb. 18.—(INS)—President Truman celebrated his daughter Margaret's 23rd birthday Monday at a quiet dinner in the White House.

The President, Mrs. Truman and Margaret cut a birthday cake which was inscribed "Happy Birthday Margaret, 1947."

The cake had two candles. Mr. Truman blew out one of them and Margaret blew out the other.

Sorority Rushing Now Under Way At Westminster

NEW WILMINGTON, Feb. 18.—Sorority rushing for Westminster's six women Greek organizations began last Friday and will run through March 7 when freshman girls will be expected to make their choice.

Open houses were held on Friday with freshmen expected to visit each house. Next Friday, February 21, the girls will visit only those sororities that they are particularly interested in.

Monday, March 4, will herald the first rush party. The parties will run through that week. There are 105,056 tractors on the farms and ranches of Texas.

Student Nurses Plan Graduation On February 25

Ceremonies For First Cadet Nurses
Class At Ben Franklin School
Next Week

Fourteen student nurses, the first class under the cadet training corps, of the New Castle Hospital School of Nursing, will receive their diplomas on the evening of graduation, Tuesday evening, February 25, at Ben Franklin Junior High School.

Ceremonies are slated for 8 o'clock and presiding will be John J. Maher, chairman, of the School of Nursing council, and member of the board of trustees of the School of Nursing.

The diplomas will be given to the nurses by Adolph Green, president of the board of trustees of the New Castle Hospital.

Speakers Of Evening

Speakers for the evening's program include: Rev. Fr. Albert M. Innes, assistant pastor of St. Vitus church, and Dr. Nathan N. Ginsburg, of the New Castle Hospital staff.

During intermission, selections will be offered by the New Castle Senior High school a cappella choir, under the able direction of Robert Duff.

Student nurses to receive their diplomas are: Lillian Ambrozewicz, 622 East Reynolds street.

Josephine Bartoli, Donora, Pa. Dorothy Beatrice, R. D. No. 2, Wampum.

Pauline Burgess, 1003 1/2 Croton avenue.

Margaret Ann Cugini, 710 Mabel street.

Flays Closed Shop

MOTION picture producer Cecil De Mille looks intense during his appearance before the Senate Labor Committee in Washington. The film magnate, ruled off the air because he refused to pay a \$1 union assessment, charged that the closed shop was monopolistic and urged Congress to give a "second Emancipation Proclamation" to American workers. (International)

Seventh Ward

Ward Couple Mark 25th Anniversary

At the home of Mr. and Mrs. Joseph Palmiero, 109 South Cedar street, a family group and friends gathered Sunday evening. The occasion was in celebration of the twenty-fifth wedding anniversary of Mr. and Mrs. Palmiero.

Music and cards were the evening's pastime.

The hostess served splendid refreshments and was assisted by Mrs. Connie Sandora, Mrs. Mary Masters, Mrs. Jennie Cennano, Mrs. Connie Maiorano, Mrs. Mary Iovanello and Mrs. Frank Domenick.

Out-of-town guests were Mr. and Mrs. Ralph Palmiero and family and Mr. and Mrs. Louis Hershey, of Youngstown.

The honored guests received many lovely gifts appropriate to the occasion and a purse of money.

Mahoning School Gets 200 Lockers

Word comes from the office of Mahoning school that they are in the process of receiving about 200 surplus lockers from George Washington Junior High School for use in the local school.

Moving pictures were shown Monday afternoon to the upper classes in the auditorium dealing with the subjects of swimming and diving and ice skating at an ice carnival. William Schmidt was in charge.

Teachers Recover, Soon Resume Duties

Mrs. Robert Skillen, nee Elsie Wasko, and Miss Mary Zahnizer, teachers of Mahoning school who had been hospitalized at Jameson Memorial hospital, have been returned to their home and are getting along nicely and expect soon to be back to their teaching duties.

VOLUNTEER FIREMEN MEETING TIME CHANGE

Announcement is made that the time of the regular meeting of the Seventh Ward Fire department scheduled for 8 o'clock has been changed to 7 o'clock this evening in the Fire Department building, East Cherry street. Meeting has been called earlier on account of Firemen's school at Central Fire station at 8 o'clock.

SPORTS GROUP CALLS BASEBALL MEETING

Wednesday evening the Sports Council of Christopher Columbus society will have an opening meeting for baseball players beginning at 7:30 in Columbus hall, South Liberty street. All those interested in baseball are welcome to attend. Refreshments will be served at the close of the meeting. Tony Adamo, chairman.

BOYD CLASS TO MEET

Members of the Boyd Bible class of the Mahoning Methodist church, will be guests at the parsonage, 516 West Clayton street, Thursday evening at 8 o'clock. The committee of arrangements is Mrs. William Sowers and Miss Elsie Mae Jolley.

LADIES AUXILIARY THURSDAY

Mrs. H. C. Gillespie, West Clayton street, will be hostess to members of the Ladies Auxiliary to the Order of Railway Conductors Thursday afternoon. Dinner will be served at 12:30.

MISSIONARY GROUP TO MEET

Members of the Young Women's Missionary society of the Mt. Jackson U. P. church will meet this evening at the home of Mrs. Arthur Hamilton, Mt. Jackson road, at 8 o'clock.

ENTERTAINMENT, DANCE

Thursday evening members of the Columbus Auxiliary will sponsor an entertainment and dance in their hall commencing at 8:30.

SEVENTH WARD PERSONALS

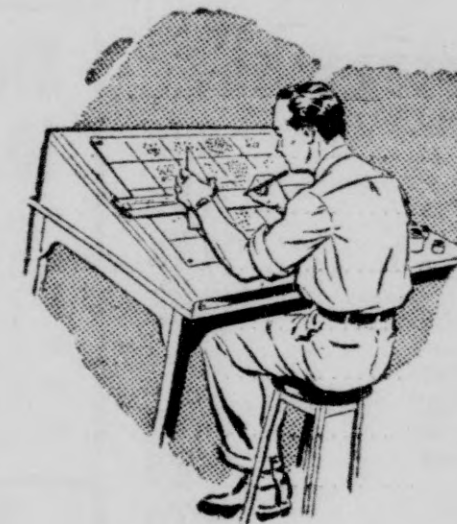

Master Sgt. and Mrs. James Quarto, of Baltimore, Md., are visiting in the home of the former's parents, Mr. and Mrs. Tony Quarto, 523 West Cherry street. M-Sgt. Quarto, who is stationed at Aberdeen Proving Grounds, Md., expects to leave for service in Japan.

The "GOOD OLD DAYS" are Coming Back

We proudly announce to all our friends and patrons in New Castle and vicinity, that we are now in a position to provide the same high quality of service and merchandise to which the more discerning have been accustomed—

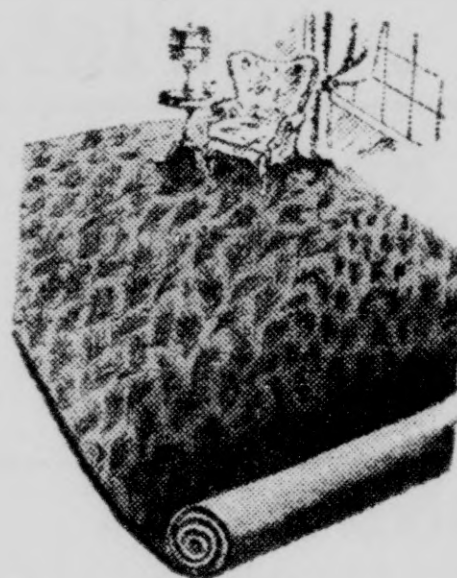

And Here's Why—

With the return of all our former key employees from the Armed Forces and Defense Organizations to our Sales, Design, Engineering and Installation departments, our staff is again capably equipped; ready to assist with your floor and wall covering problems.

For Your Approval

Our new, spacious location permits us to show for the first time in the city of New Castle, thousands of yards of broadloom and 27" carpet, representing the world's leading manufacturers. Our huge stock of printed and inlaid linoleum provides the largest selection in this area.

Besides—

We are the approved franchised dealers for Vitrolite Glass . . . gleaming walls of lasting beauty! . . . installed for a lifetime of use. On our display floors, see the new St. Charles and Jamestown White Steel kitchen units.

Don't Forget—

For commercial users as well as for household purposes, we feature heavy duty floors of Johns Manville and Hood 3-16" asphalt tile; rubber tile and linoleum in heavy weights, assuring beauty and durability to meet the most rigid requirements. Our installation force is equipped to cope with the largest installations.

Why Not?

Visit our new modern store and see for yourself "the best is less," when you invest with a reputable dealer, where merchandise is all labeled and nationally advertised, making it no longer necessary for you to purchase cheap substitutions.

The
General Floor Covering

REBEKAHS ATTEND DISTRICT MEETING

Mrs. Anna Hawk, of Englewood avenue, Mrs. Pearl Jones, 406 North Cedar street, Mrs. Belle Clark, English avenue, Mrs. Mae Earl, North Cedar street, Mrs. Eva Drumheller, West Madison avenue, Mrs. Mary Patterson, West Washington street, Mrs. Florence Gillespie, Emerson avenue, and Mrs. Nellie Tribby of Warren avenue, have returned from Freedom, after attending a district meeting of the Rebekah lodge of the I. O. O. F. of Beaver county. There were 150 present at the banquet.

FORMER PASTOR AT CENTRAL CHRISTIAN

Central Christian church, East Long avenue, will celebrate Brotherhood Week with a fellowship supper, Wednesday evening at 6:15 o'clock in the church dining room. Special speaker on the occasion will be W. H. Hanna, former assistant pastor of the church in 1892. Rev. Hanna spoke at the Central church before it was organized and in connection with the golden anniversary of the church, the former pastor is welcomed back as a special speaker.

OPERATORS ACCUSED

Two informations in which driving while under the influence of intoxicants will be charged, will be filed by Police Chief Robert D. Hanna today against John J. Welsh, 318 Fairmont avenue, and Alfred Germani, 401 Duquesne street. Cars operated by the men were in accidents, the former on Saturday evening and Germani's on Sunday morning.

Social Security Board Makes Recommendations Under Revised Set-Up

The payment of benefits to insured workers during periods of permanent total disability through the expansion of the present federal government program of old-age and survivors insurance is one of the recommendations of the Social Security Board in its 11th and last annual report. Edward J. Sinder, manager of the New Castle office of the Social Security Administration, said today.

In July of 1946 the board was abolished, its functions transferred to the Federal Security Agency, and its organization designated as the Social Security Administration. The current report, required of the board under the Social Security Act, is for the fiscal year 1945-46.

In making its recommendation for the inclusion of disability insurance, the board said that the wage loss suffered by permanently disabled workers and their families probably runs from \$1,500,000,000 to \$2,000,000,000 a year.

Another recommendation of the board calls for the extension of coverage under old-age and survivors insurance to all gainfully employed workers. Persons not at present able to learn protection under the program include those employed in agriculture domestic service, non-profit organizations and government service, and those who are self-employed.

Mr. Sinder pointed out that this recommendation was based upon ten years of administrative experience, which had demonstrated the feasibility of extension of coverage to the groups now without the protection of the program.

In addition to protecting the groups now not covered, the extension of the program would reduce the number of persons who lose their rights to benefits by shifting in and out of covered employment, he added.

Third Recommendation

Third major recommendation calls for changes in the method by which old-age and survivors insurance

Industrial Leader Will Speak Here

Channing R. Dooley To Address Foundation Meeting Here February 21

Channing R. Dooley, President of the Training Within Industry Foundation, will address the February meeting of the supervisory management sessions which The Economic and Business Foundation will sponsor in New Castle at 7:30 P. M. on Friday, February 21.

Previous to his association with the Training Within Industry Foundation, Mr. Dooley, in cooperation with Mr. Josephine Baslione, 906 Hamilton street; Gladys Bazilinski, Box 138 Wampum; Mrs. Leona Evans, 340 Francis street; Patricia Butta, R. D. 3.

Discharged—Mrs. Ella Graham, 108 Euclid avenue; William Bukoso, 207 South Ashland avenue; Mrs. Regina Sntzler, 631 South Ray street; Mrs. Clara Bennett, Wampum.

JAMESON MEMORIAL HOSPITAL

Admitted—Frank Christofor, 604 Ray street; Louis Retor, Edenburg; Mrs. Rose Pastella, Hillsville; Balcer Wright, R. D. 1, Edenburg; E. C. Hodges, R. D. 2; David D. Rhodes, 108 N. Mill street.

Discharged—Domenick Loccasano, 19 Friendship street; Earl McCormick, 516 County Line street; Mrs. Theresa Micco, Hillsville; Miss Margaret Godwin, 1307 W. Washington street; Miss Elizabeth Rabel, 405 Blunston avenue; Mrs. Minnie Gomulak, R. D. 8; Converse Branscome, Jr., 424 Edgewood avenue; Mrs. Margaret Williams, Erie, Pa.; Mrs. Pauline Hardee and daughter, 450 Neshannock avenue.

Bequests of \$5,000 to the city of Boston, and \$5,000 to Philadelphia, where he grew up, were left by Benjamin Franklin.

Christ Lutheran's To Observe Lent

Lent will be observed in Christ Lutheran church, East Washington at Beckford street in traditional fashion with special mid-week services to take place every Wednesday evening until Holy Week.

During the period, the congregation will review the story of Gethsemane to Golgotha, with the pastor, Rev. M. H. Lobeck, speaking Wednesday evening at 7:30 o'clock on "Peter".

COAL MINE FIRE NEAR WAYNESBURG IDLES 1,000 MEN

WAYNESBURG, Pa., Feb. 18.—(INS)—A fire deep in the Nema-colin mine of the Buckeye Coal Co., near Waynesburg, today idled about 1,000 miners.

The blaze has been confined to one small section and is not spreading, State Mine Inspector J. V. McKenna said.

At 7 a. m. today the fire had been burning about 7 hours. Part of one shift finished work yesterday, after the fire was discovered in section nine, south. The afternoon shift yesterday did not go to work.

Sturgeons found in English waters belong to the King of England, according to the Encyclopedia Britannica. A decree of Edward II (1284-1327) made them crown property.

Senator Dent Assails Liquor Control Board

HARRISBURG, Feb. 18.—(INS)—The State Liquor Control board today showed no signs of wailing under the barrage of accusations alleging craft and mismanagement laid down by Senate minority leader John H. Dent.

A "possible" million-dollar graft in war-time sales of a certain brand of whiskey was alleged by Dent who asked for a legislative investigation of the board's administration.

tion of the state's \$150,000,000-a-year liquor monopoly.

The Westmoreland senator hurled the new charges in reply to a letter read in the Senate from LCB chairman Frederick T. Gelder demanding Dent produce facts or withdraw the accusations.

Gelder said he was "firmly convinced there are no facts to justify such a charge". Dent had claimed Pennsylvania received more of the lower grade whisky during the war than any other state and suggested graft was involved.

In his early campaigns, William Jennings Bryan was termed the "Boy Orator of the Platte".

British Failure In Holy Land To Be Told To U.N.

LONDON, Feb. 18.—(INS)—British Foreign Secretary Ernest Bevin said today that Britain will notify the United Nations that the Palestine mandate "proved unworkable in practice."

Bevin made his statement while reporting officially to the House of Commons that the Palestine problem will be dumped into the lap of the U.N.

Stating that both the Jewish and Arab representatives to the recent London conference on Palestine flatly rejected the most recent British proposals for settling the problem, Bevin remarked:

"There is no prospect of reaching any settlement even broadly acceptable to the two communities in Palestine."

Therefore, he added:

"We reached the conclusion that the only course was to submit the matter to the United Nations."

"We intend to tell the U.N. that the mandate proved unworkable in practice."

Discussion of Palestine in Commons followed reports that the Zionists are planning to get as many immigrants as possible into the Holy Land before the issue goes to the U.N.

A Jerusalem dispatch to the London Daily Telegraph told of such plans.

Blood Plasma Is Being Rushed To Wreck Victims

HARRISBURG, Feb. 18.—(INS)—Dried blood plasma was rushed by airplane and automobile today to Altoona hospitals for treatment of persons injured in the Red Arrow train wreck near the horseshoe curve.

The health department said 360 units were sent to Altoona to augment supplies.

William L. Anderson, director of the State Aeronautics Commission, took part of the allocation by airplane while the balance was sent by a state police squad car.

The Public Utility Commission announced that Howard S. Weaver, an investigator, had been ordered to the scene of the wreck.

Band Concert At Plaingrove School

Plaingrove school will sponsor the Grove City Municipal band concert on Thursday evening, February 20, at 8 p. m. in the school auditorium. Principal James W. Cornelius announces today.

This band is under the direction of William H. Koenig and features a 40-piece ensemble together with Leona Stuart, a vocal soloist, and Mrs. P. T. Greer, as a piano soloist.

Proceeds will go for the Plaingrove school activities. Tickets may be obtained from girl chorus members or at the door.

Well-Known Engineer Dead At Mercer Home

MERCER, Feb. 18.—Funeral services were held this afternoon for George W. Sykes, aged 79, well known Mercer engineer who died at his home on Sunday, after a several weeks illness.

Born in Mercer September 1, 1867, he served one year at West Point, resigning to accept a position as a civil engineer. Among his outstanding projects was the "Lane Cut-Off" through rough country on the Union Pacific railroad, shortening the route by many miles.

His wife preceded him in death in 1926. One sister, Miss Margaret Sykes, survives.

Will Hold Senior Cage Tourney At Washington Floor

Robert L. Meermans, general secretary of the Y. M. C. A., announced today that the senior city-county basketball tournament will be held at the George Washington high school gymnasium.

Mr. Meermans said that the branch has accepted the offer extended by the New Castle school board, and funds raised from the games will be used by the association to enlarge and improve the "Y" athletic facilities.

The senior games are tentatively slated to begin March 26. The junior tourney, scheduled to begin two weeks earlier, will be played at the "Y" court.

Report Barbara Hutton Will Be Married Again

ST. MORITZ, Switzerland, Feb. 18.—(INS)—The chief clerk of the civil office in St. Moritz declared today that three-wedded dime store heiress Barbara Hutton will be married again in the Swiss resort this week.

The clerk said the heiress told him yesterday that she and Prince Igor Troubetzkoy have not changed their minds about having the ceremony in St. Moritz.

He was informed that the marriage will be performed as soon as the necessary papers acknowledging publication of the bans arrive from Paris.

Duff Approves Bonus Hearing

HARRISBURG, Feb. 18.—(INS)—A proposed hearing on veterans bonus legislation was approved today by Gov. James H. Duff.

"It is proper from all angles that the legislature have the hearing," Duff said. The governor said he would withhold comment on the major issue until it has been aired publicly.

A new bill proposing an \$800,000, 000 bond issue to finance state bonuses for World War II veterans was "loose with figures," Duff claimed.

The measure was sponsored by Rep. Leonard A. Najaka (R) Luzerne.

Truckers Make Plans For Annual Dinner

Morgan Beatty To Be Principal Speaker Here Saturday, March 29

Plans were announced today by the Lawrence county chapter, Pennsylvania Motor Truck association for the annual dinner which will be held this year on Saturday, March 29. Paul W. Keely has been named general chairman of the event and has secured Morgan Beatty, nationally known commentator as the speaker of the evening.

This year the dinner will be held in the Scottish Rite Cathedral in order to permit many more to attend than have been able in the past several years.

The chapter held its monthly dinner meeting Monday night in The Castleton hotel, with President J. Fred Clarke in charge.

Featuring the dinner was the showing of two unusual war films showing the actual air combat in the South Pacific. These were furnished through the courtesy of Chief Petty Officers John Burelli and E. J. C. Johnson.

Sons Of Italy Name Officers For Term

John Di Lorenzo Re-Elected Venerable For Another Two-Year Term

John Di Lorenzo was re-elected Venerable of the Sons of Italy for another two year term, Sunday, February 16 when the lodge held its annual election. Dom E. Cioffi was named assistant venerable and other officers named, follow:

Orator, Joseph Panella; corresponding secretary, Louis Gaspare; assistant corresponding secretary, John Corio; financial secretary, Jerry Frasso; treasurer, Vito Colella; trustees, Charles Scaglione, William Russo, Harry Ross, Francis Augustine, Gabriel Armando.

Master of ceremonies, Mrs. Adelina Volpe, Dom Diana; sergeant-at-arms, Nicholas Bucci; grand delegates, John Di Lorenzo, Jerry Frasso, Mrs. Clotilda Russo, Samuel Bassano, Albert Gesue, Cosimo Gallasso, Anthony Costa, Joseph Paglia, Vito Colella, Mrs. Mary Conti, Mrs. Angelina Volpe, Louis Gaspare. Officers will be installed in April.

This year promises to be a big year for the local organization. July 2-3-4-5-6, the 19th annual State convention will be held here, with Alderman B. J. Biondi in charge as general chairman. He will be assisted by A. Mastriano and Samuel Bassano.

North Beaver Firemen To Meet

There will be an election of officers at the North Beaver township volunteer firemen association, Thursday evening, February 20, at the residence of Robert Miller, president, Mt Jackson.

The charter and fire truck, will be discussed, arranging of the constitution will take place, election of committees, and plans made for a party and square dance.

Begin Producing Vital Elements On 'Atomic Speedway'

Radioactive Elements Being Turned Out On University of Pittsburgh Machine

PITTSBURGH, Feb. 18.—(INS)—Pittsburgh's first "atomic speedway"—the University of Pittsburgh's 100-ton 20-million-volt cyclotron—today began producing radioactive elements vital to medical research and opened new horizons in nuclear physics.

The atom-smasher will be geared with medical science's new attacks on cancer and leukemia, with research into the secrets of animal and plant growth, and with industrial research in metals, chemistry and plans also call for probing into the atom to uncover the unknown forces that harbor such tremendous energies.

The new cyclotron, consists mainly of a vacuum between the poles of a giant 100-ton electromagnet. Eighteen miles of copper ribbon, totaling 18 tons in weight, are coiled about the poles to receive the current for energizing the magnet.

In cyclotron operations, electrically charged particles of deuterons are produced inside the vacuum box, receiving up to 200,000 electron-volt "push" at each halfway point until they are accelerated to 20,000,000 electron-volts of energy at the periphery.

Whirling at a speed of over 20,000 miles a second—fast enough to encircle the world in little more than a second—the ions crash against the metal target, disrupting its nuclear structure, and rendering it radioactive.

BEHIND YOUR TELEPHONE

is one of the

World's Greatest Machines

When you pick up your telephone . . . to run it. Invested in it are savings of nearly 700,000 men and women.

You can route your voice through any one of thousands of local central offices, some with dial mechanisms so complex they stagger the imagination, yet so efficient they seem to work like lightning; others staffed by operators whose work sets a heart-warming standard for cheerful, helpful service.

You have at your command literally millions of miles of telephone wire and cable. You can direct your call to any one of some 28,000,000 telephones in the United States, and to an equal number throughout the world.

The telephone business is far-reaching. It takes hundreds of thousands of people to run it. Invested in it are savings of nearly 700,000 men and women.

But this machine, vast as it is, is not yet big enough to give telephone service to everyone who wants it! Here in Pennsylvania, for example—this year—we are planning to expand it to the tune of some \$65,000,000; to build 14 new buildings and to install in them new, central office equipment; to make major additions to 15 other buildings; to enlarge almost every central office in the state; to place 450,000 miles of wire; to add nearly 200,000 telephones to the total now in service.

Our aim is to provide better and better telephone service to more and more people.

The Bell Telephone Company of Pennsylvania

New Castle Ready For Important Clash With Sharon Tonight

Hurricane Can Blast Tiger's Title Dreams

Game At George Washington Floor To Have Direct Bearing On Heated Race; Douglass Hopes To Have Waters In Uniform; "Kids" Thirsty For Revenge.

New Castle's cage artists, after being buffeted during the campaign, find themselves in a choice role from here on in—they stand as the big obstacle in the paths of two of the aspirants for the Section III crown.

Tonight at the George Washington gym they will get a crack at the loop leaders—the Sharon high Tigers, and could put the quietus on the Mercer countians with an upset win.

Friday night the Douglass passers journey to Farrell and if the Steelers down Aliquippa tonight the locals will pass judgement on whether or not the Martin last are going to have anything more to say about the race.

Anxious To Win
This is the one game the "Whiz Kids" would dearly like to win. Still remembering their lacing at Sharon the Red and Black would enjoy nothing better than to derailed the Sharon express in its run for the toga.

Right now the section race is as tight as a Scotsman the day before payday and big explosions are promised in tonight's warfare.

Besides the fireworks impending at the local floor, Aliquippa and Farrell, deadlocked for second place honors, engage in a herculean battle at the "Quips" gym. The winner of this epic struggle will be the other contender for the crown and if Sharon should lose here, might go on to take honors.

Sharon rests after playing here and then will meet Farrell in their finale. Aliquippa must meet the Steelers, Ellwood City and Ambridge. There are still many field goals to be made and the race should be close down to the final buzzer.

Hopes To Use Watters
Coach Bill Douglass hopes to use his crack guard, Donnie Watters, in tonight's vital contest. Suffering from a nose fracture, the junior ace

Titans-Teachers Battling Tonight At Slippery Rock

Westminster After 13th Win In Row, 18th Of Season, This Evening

LOOK AHEAD TO PITT SATURDAY

(Special To The News)
NEW WILMINGTON, Feb. 18.—Westminster's Titan basketball squad will try to outfox the "flux" tonight by winning their 13th straight game and the 18th of the year, as they journey to Slippery Rock to battle the Teachers in a return game.

The Titans of Grover Washabaugh defeated a previously unbeaten Slippery Rock team at Westminster gym several weeks ago by a score of 57 to 46. The Teachers are out for revenge tonight as they face the Titans at home.

Will Watch Dembinski
"Chuckling" Dembinski had 22 points against the Teachers in the previous meeting and hopes to continue piling them in tonight. Dembinski, the top scorer in the tri-state area, will be a marked man.

The entire Westminster squad is in excellent shape for the battle. Coach Washabaugh is blessed with as strong a bunch of second-stringers as he has ever had, with such men as Dean Nelson, Bruce Wagner, Dick Fuhrer, Clyde Shafer and Allan McCullough. Nelson was a regular last year, but has been bothered by injuries all year. Slippery Rock will depend on the New Castle boy Chinkie Dutkin, Sheridan, Johnson and Harper to do their scoring.

Play Pitt Saturday
Indications point to a record crowd at Slippery Rock for the game tonight. The Rockets have been going good since losing at Westminster and have hopes of stopping the Titan streak. It will be recalled that the teams played to a turnaway crowd last year at Slippery Rock.

Westminster will concentrate on the Pitt game at Farrell Saturday night after the contest this evening. The blue and white clads are mighty anxious to upset the Pitt team at Farrell, after the licking they got last year on the Farrell court from Pitt. The Pitt Panther's tail is in for twisting this week-end, it is predicted.

Coach Issues Warning
Coach Grover Washabaugh always takes his boys to Slippery Rock with considerable apprehension. The Green and White team seem to make a habit of priming for the Blue and White. Washabaugh warned his players at practice Monday night that they had better be "up" for the contest or an upset may occur.

Titans fans are elated by the form their favorites displayed last week in defeating W.-J. and Carnegie Tech. In two previous games against Waynesburg and Thiel played during exam week, the boys were considerably off form.

Winter Homecoming
There will be no rest after the Slippery Rock game as the important tilt with Pitt at Farrell high will be played Saturday night. The occasion has been designated as a winter-homecoming for alumni and the fraternities and sororities will entertain alumni at dinners prior to the trip.

Westminster defeated Pitt, 54-45, at the stadium but Coach Carlson of Pitt, has promised Pitt fans that his boys will finish with three straight wins, the first of which was racked up at the expense of Geneva last Saturday.

HOUSE LEAGUE GAMES
There are two games listed for tonight in the House League at the "Y" at 6:30. Redskins vs South Side Lions; at 7:30, Wings vs Keystone.

INDIANS' PRIZE ROOKIE AT BAT

HUSKY, 17-year-old Lee Carey of Tucson, Ariz., has received a record \$15,000 bonus from Indian President Bill Veck for signing a contract with the Cleveland tribe. An outfielder-third baseman and all-around athlete, the prize rookie has starred in American League baseball. He is shown working out in Tucson. (International)

County Baseball Meeting Feb. 26

President Alec Samuels Calls Conference To Discuss Plans For Coming Season

Alec Samuels, president of the Lawrence County Baseball league, announced today that there will be a meeting of all loop officials and team managers, Wednesday, Feb. 26 in the Sporting Goods store, at 8 p. m.

Plans for the forthcoming season will be discussed and entrants lined up for the league play. President Samuels is anxious to ascertain the number of teams considering to compete in the loop this year and will listen to propositions by any other clubs that may wish to enter the fold this Spring.

Hope For Eight Teams
Jim Martin, league secretary, has stated that it is desirable to start the season with at least eight clubs, but the circuit could be expanded to take care of more teams if they desire franchises.

Last year the loop operated with the following teams: Ellwood Elks, Ellwood V. F. W., Wampum, New Galilee, Bessemer, Edensburg, Castlewood and Hillsville. It is not known whether or not all these clubs will return to competition, but indications point to most of them again fielding teams.

It is rumored that perhaps some of the teams that made up the North county league last summer will switch to the county circuit. Martin urges that all teams interested send their manager or representative to the meeting as conclusive plans are desired as to the quantity of clubs planning to outfit teams.

JIM GILLESPIE COMING BACK

Rugged Akronite Who Fought Leisure Three Times On Monday's Docket

Jim Gillespie, of Akron, a runner-up for the GG title of that city, after three appearances here, is coming back, this time to take on Frankie Wooten, of Youngstown, in one of the eight amateur bouts next Monday night in the Evening's Evenin' in The Arena.

He's the chap who battered with Les Leasure and sustained a TKO in the first bout, lost a close nod in the second but who came through in the third when the judges split and the referee said "You Win!"

There appears to be another "rough-house" bout on the card, and one in which two GG champs will swing punches. They are Carl Rouse, Youngstown, and Vic Kondick, of Akron, both welterweights.

Two Heavies, One Chinese
They've fought here and will no doubt, please the appetite for punch in the semi-final to the Cosmo Santillo, Youngstown, vs Bob Blending, heavyweight feature of the Punch drama.

In all there'll be eight battles containing Ronald Delaney, Akron, 135 GG king, vs Van Royle, Youngstown's lightweight GG boss, and others, including Boo Yee, a Chinese.

Johnny Greco Beats Archer
MONTREAL, Feb. 18.—(INS)—Johnny Greco, Montreal mauler, today proved to 7,000 fans that he packed power in either mitt, particularly his left.

Greco won a unanimous 10-round decision over Freddy Archer scrap-artist, Newark, N. J., pugilist, after dropping his foe twice to the canvas.

Archer, nailed with a right in first round for a nine count, rallied to pepper Greco with lefts and rights to win the second stanza.

DUKES WIN AGAIN
PITTSBURGH, Feb. 18.—(INS)—Duke University's fast-stepping Dukes retained the nation's only undefeated basketball team today after easily defeating Valparaiso University 63-39 for their 16th consecutive victory.

Favor New Plan To Name State Fish Executive

Sportsmen Support Legislation To Have Eight Supervisors Elect Head

NO DESIRE TO REPLACE FRENCH

HARRISBURG, Feb. 18.—(INS)—The Pennsylvania Federation of Sportsmen's clubs today supported legislation proposing the election of a state fish commissioner by the agency's eight district supervisors.

Existing legislation authorizes the governor to make the appointment. The board's recommendations would allow for operation of the fish commission along lines similar to those of the state game commission.

A measure has been introduced in the general assembly to carry out the recommendation but it was not known whether the measure would be approved.

Commissioner Charles A. French, of Ellwood City, was named commissioner March 30, 1937 by ex-Gov. George H. Earle. Delegates to Saturday's meeting at Harrisburg indicated no desire to replace French and proposed a \$10,000 a year salary or \$4,000 more than currently received.

The new commission head would be known as executive director. Prior to adjournment delegates adopted more than a score of resolutions and heard Governor James H. Duff pledge his cooperation in a game conservation program.

Urges Watershed Dams
He urged erection of watershed dams to retain flood waters, tree planting and re-emphasized his determination to carry out his battle to end stream pollution.

Resolutions adopted proposed more vigilant state police action against "spotlight hunters," an open season on woodchucks from July 1 to September 30 with landowners free to destroy them "at any time" in cultivated fields, removing skunks from the protected list, a 92-day raccoon season with daily limits of three and season tags of 20.

Delegates also approved resolutions calling for the game commission to raise more native rabbits, the same dates for the deer and bear season, opposition to registration of firearms, removal of restrictions on opossums, \$15 bounties on wildcats, jail sentences as well as fines for non-Pennsylvanians obtaining resident fishing or hunting licenses and reshaping hunting licenses so they would carry tags to report deer and bear kills.

A resolution was rejected proposing establishment of a dog law enforcement bureau in the department of agriculture and directing that "every complaint" of a dog owner be investigated.

Danny Kaplow To Test Bratton

CHICAGO, Feb. 18.—(INS)—The largest fight crowd in many a Chicago moon—an expected 17,000 fans—will assemble in Chicago Stadium tonight and watch New York's Danny Kaplow take on Johnny Bratton, a 20-year-old boxer who has become frustrated by too much success.

Acclaimed by all as Illinois lightweight champion and generally regarded as number one contender, the clever, dark-skinned Bratton discovered recently that it takes more than achievement to arrange a title bout. Consequently, "Honey-boy" consumed a couple of fatted calves and declared himself a welterweight.

Following are the Wednesday games: Croton vs. Epworth; First Baptists vs. St. George; First Congregationalists vs. First U. P.

Gen. Chris.	G. F. P.	Third U. P.	G. F. P.
Hopper, f.	8 2 15	Reed, f.	2 0 4
Whitesides, f.	4 1 2	Robinson, f.	6 0 12
King, c.	0 0 0	Keeling, c.	1 2 4
Harris, c.	1 3 4	Myers, c.	6 0 12

Columbus Club Players To Meet

An important meeting of all of the 1946 Christopher Columbus baseball players and others interested in the 1947 team will be held at the Columbus hall at 7:30 o'clock Wednesday evening. It was announced by Joe Zumpella today.

The seventh warders are anxious to field another "hot" team this summer. The Columbus club gave a very fine account of itself last year in the city baseball league.

Injured In Bout With Eddie Smith
ROCHESTER, N. Y., Feb. 18.—(INS)—Johnny (Al) Mazanoble, 23, of Schenectady, a welterweight was reported in serious condition today after being knocked out by Eddie Smith of Rochester. Mazanoble still was unconscious when admitted to a hospital. The knockout came in the ninth round of the fight.

HERE AND THERE IN SPORTS' LAND

REGARDLESS how much natural ability a fighter may have, he needs tutoring by a qualified instructor. This is what Jim Jeffries, former world's heavyweight champ, told Bob Latera at Burbank, during the latter's trip to Sunny California several years ago. Further, Jim practiced what he preached, because for every important fight set to, he engaged Tommy Ryan, former world's welterweight champion, one of the slickest of the slick, in things fistic. In fact, he told Latera, he appreciated Ryan's tutoring and assimilated as much of Tommy's knowledge as he could. Having been around Jimmie Dime's gymnasium years ago (and who handled some of Dime's fighters, upon occasions) he watched Dime closely. He grew to be a "copy-cat," or in other words, assimilated a lot of the knowledge Dime displayed in teaching a fighter how to hit. He next visited Jimmie Dunn and marked down in his noggin some of the foot-work and class that Dunn imparted to his proteges. Later, he affiliated with Jess Willard, held chit-chats with Jack Johnson, Mickie Walker, et al., past and present, and is a firm believer in "proper tutoring". For a time, Bob was engaged in the training of fighters. He imparted the knack of knocking 'em out to Johnny Banko, West Pittsburg, and later to Eddie Flick, Oil City. An operation caused Banko to hang up the gloves just when he seemed destined to go places. A breach developed between Bob and Flick and they agreed to go different ways. However, Flick utilized much of Bob's knowledge in his efforts to get Smokey Robinson somewhere. For a time, the Oil City "chocolate drop" was the rage in The Arena where he won more fights than he lost. After returning from the Pacific coast, Bob became affiliated with the Johnson Bronze, which, through the Employees Association, will stimulate outdoor sports here next summer. He bought a nice tract of land and apparently gave up developing cauliflower ears to rear the ground variety, cabbage, lettuce, tomatoes, potatoes and what have you in the garden line. However, recently, he has been paged so much, he says, concerning pugilistic questions, his mind again is somewhat pugilistic. He always has had a hankering to get a big, raw heavyweight, train and polish off the rough spots then, after keen matching, send him out, to see what the recruit can do. He may re-embark on such a venture some day.

Joe Poplar who used a cue against ivory under the cognomen of Dick Smith recalls some past and present cueists, of more than ordinary ability, as follows: Pedro Boston, Frank Dixon, Leo O'Loughlin, Toughie Lane, Johnny Book, Sam Marquis, Tommy Leach, Tracy Price, Ira Butler, John Trusel, Hackett Kennedy, Phil Greer, Sou Pagley, Toughie Culbert, Louie Cialella, Tony Fair and Toughie Copple and Doc Wheeler. . . . Seen along the main stem: Mike Orlando, the Seventh ward baseball man. . . . Joe Aquara, former quartet member, whose recollection inaugurated a series of pro and con arguments. . . . According to a report received recently, Joe Graham, former local newspaperman, has been ill in Cleveland. Joe played Ne-ca-Hi football, and in one game, crashed so hard against a Sharon grider, the latter's leg unfortunately, was fractured. . . . Joe Latiano, Ellwood City, was one of the fastest of yesteryear's diamonders a-base. He was a catcher. . . . You've heard a lot of stories about Pat and Mike. Here's another, and a true one: The Hennesseys, both regular guys. . . . Members of the Mercer County Fox Hunters Association have killed five foxes within a period of a week. . . . Lawrence County F & C members hunted fox in Volant district, Saturday. They met in McBride post last night. . . . Reports say there are numerous muskrats along Hettensbaugh Run. . . . Schoolboy Rowe has signed, hence he's in the Phils fold. He won 11 last season. He is driving to the Phils' Clearwater, Fla., camp this week.

Polish Falcons Trounce Arnold
Polish Falcons toyed with the strong Arnold Ukes last night with Eddie "Cash" Koszela, Ray Owoc and Tom Carey in starring roles. The Falcons won 62 to 37. Next Sunday the Falcons will battle the Ecclesian club at the Arena floor. It was announced by Manager Gabby Kendra.

Castles Thump St. Mary's Five
The newly organized Castles basketball team, led by their star forward Gene Wilson, former Bucknell star, thumped the St. Mary's "Big Five" last night at Catholic Center floor, 69 to 51. Wilson has 22 of the Castles points, followed by Bill Eroe with 18 and Black with 12. Krueger led the Saints in scoring with 22 points, while Ben Korab had 10.

Ecclesiastics Lose Last-Second Tilt

General Fireproofing Of Youngstown Edges Locals 41-40 At Ohio City Floor

Ecclesiastic club passers lost a one-point decision in the final second of the game last night at the South field house in Youngstown to the General Fireproofing five, 41-40.

Haus, guard of the home team, dropped in a fielder from mid-court with just 18 seconds remaining to clinch the tilt.

The Youngstowners led at the half 17-16 and managed to keep a slight edge until the final moments of the game. "Red" Ross, "Lindy" Lauro and Sammy Calazza played well for the Ecclesiastics while Vargo and Haus starred for the Ohioans.

Tonight the locals meet the Universals at the Ben Franklin high court, and Thursday will travel to Farrell to meet the Croatian quint of that city. Sunday the Falcons will provide the opposition in a game scheduled for the Arena.

On the Lookout

PEERING FROM the door of his home in the Bronx, N. Y., is "Scout," an honorably discharged war dog who was facing death for biting three persons until doggnapped from an A.S.P.C.A. shelter by his owners, Mr. and Mrs. August Marrone. A magistrate granted them a week's postponement of their hearing on disorderly conduct charges resulting from the incident and wished them success in their attempt to set aside the city ruling that condemned the animal. (International)

War hero and former football luminary at Penn State and West Point, Col. "Lighthorse Harry" Wilson is still in Uncle Sam's service. He's chief of staff, Headquarters, Air Proving Ground Command, Elgin Field, Fla.

The University of Iowa football coaching staff was rounded out with the addition of Jack Meagher as assistant to Dr. Eddie Anderson, head coach.

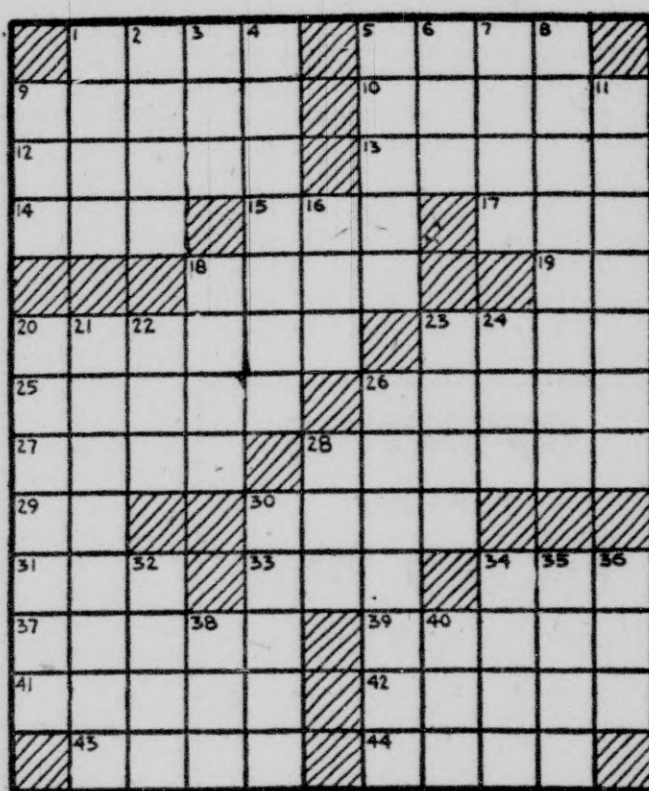

Jim Elliott, Villanova track coach, believes George Guidici and Browning Ross of the Wildcats squad will be strong contenders for the 1946 Olympic team.

Pittsburgh Glove Meet Ends Tonight

PITTSBURGH, Feb. 18.—(INS)—Thirty-two survivors of 204 entries in Pittsburgh's Golden Gloves tournament will wind up their boxing competition tonight at The Gardens with 24 bouts, including semi-finals and finals.

Each of the bouts will consist of three 3-minute rounds.

Four fighters remain in each of the eight weight classes. The winners will be awarded the combined Golden Glove and Senior AMA championships.

In three preliminary shows, a total of 112 bouts were fought—47 of them knockouts.

Pulaskis Meeting Youngstown Quint

K. Pulaskis passers are aiming for the 29th win of the season and their 12th in a row tonight when they play the Youngstown Five at the K.P. hall with the tip-off scheduled for 8 p. m.

Thursday evening the Gonet flippers will tangle with St. Mary's.

A name well-known in college and professional football circles will be included on Louisiana State's football roster next fall when Elbert Van Buren, 6-foot-one, 190-pound "little" brother of Steve Van Buren, former LSU backfield star, and famed ground gainer of the Philadelphia Eagles, makes his bid for gridiron acclaim.

Soccer Coach Bill Jeffrey still cocks an ear when he hears a plane overhead. Flying over State College three weekly, as pilot of a passenger plane en route from Newark to Chicago, is Joe Bielicki, on of Penn State's all-time soccer greats.

Bivins Rallies, Defeats Sheppard

PHILADELPHIA, Feb. 18.—(INS)—Jimmy Bivins, Cleveland heavy-weight, aspired to bigger prey today after disposing of Curtis Sheppard, of Philadelphia, in a lusty 10-round at the Arena.

A strong rally in the last frame gained Bivins a unanimous decision over "Hatchet Man" Sheppard in a bruising, crowd-pleasing bout. Jimmy weighed 185 pounds to his opponent's 195.

Bivins, who held two previous decisions over Sheppard, was hard-pressed after winning the first period. He is aiming for a title shot at Joe Louis next summer.

John Lawther, now in his 11th season as Penn State basketball mentor, formerly coached at Westminster College.

Tailoring
CLOTHES THAT fit improve your
appearance. The custom tailoring is
the oldest, most respected business
on this earth. Here, work will never
let it die, but hard work is needed
and tailors are acquainted with the
latest fashions. The large and small
women must be given equal oppor-
tunities to enjoy the grace. Frank
Giles, ladies' and men's custom tail-
or, 204 E. Washington St., opposite
the Penn Power, second floor.

LEGAL NOTICES

Legal Notice

The undersigned City Clerk of the
City of New Castle will receive propo-
sals until Monday, February 24,
1947, at 10:00 A.M. for the furnishing
of the City of New Castle of insur-
ance, as follows: to-wit:

First: Public Liability Insurance
to indemnify the City of New Castle
against all damage which the City
may have to pay for or on account of
damages to persons or property of
persons because of the failure or ne-
glect of the City of New Castle to
perform any duty which it owes to
the public in regard to any automo-
bile, motor vehicle, or other vehicle
owned by or under the control of the
said City.

Second: Collision, Fire, and Theft
Insurance on all motor vehicles owned
by the City.

Bids may be submitted and propo-
sals accepted by the City of New Castle
of each of the said kinds of insurance
for a term of one, two, three or four
years, and the Council reserves the
right to reject any and all bids.

The Council reserves the right to
accept or reject any and all bids, and
to award the contract to the lowest
responsible bidder. All policies of insur-
ance to be furnished must conform to
the specifications of the City of New
Castle, and those insuring against
the City of New Castle must be in-
sured by the City of New Castle for
the limits of

Three Contracts For New City Hall

Council Explains Cause For Letting Contract In Three Parts

One of the reasons why council determined to let contracts in three parts for the new city building to rise on the Dana plot at North Jefferson and Grant streets, was council's desire to afford all local contractors an opportunity to submit a bid on one portion, two portions or three portions, they reported Monday. The bids will be taken as follows:

- First, sub-basement (for heating equipment).
- Second, super-structure and.
- Third, completion of the building.

Cause For Action

They said their decision to take immediate bids on the sub-structure was also determined by factors, as follows:

- To take advantage of any decrease in materials cost.
- Cost of debt service, 11-4 mills, is the lowest during the past 25 years.

Materials used in the sub-basement (reinforced concrete) will not be detrimental to home construction because it is seldom used in building homes.

The proposed building will be of brick with stone entrance on the North Jefferson street side.

The building will "run" about 114 feet on North Jefferson street, south from Grant street, and extend approximately 132 feet east on Grant street from North Jefferson street. Plot 160x160.

It will rise on a plot 160x160, acquired by the city for \$30,000 from the recent half million dollar bond issue.

The site affords advantage, council reported, because there will be driveways from North Jefferson street and Cochran way, from street level, and cars may be operated into the garage which will be in the basement, along with all police facilities, except the police courtroom, which will be on the ground floor of the building.

There will be a space for parking in the rear of the L shaped building.

Already the state has approved plans for the placement of a jail in the basement, because ventilation will be available from windows on the north, or Grant street side of the structure.

The motion to ask for bids for the sub-basement was submitted by Property Director Joseph D. Alexander which received a second by Safety Director D. O. Davies and favorable votes from other councilmen.

Luxury Tax Bill Passes In House

WASHINGTON, Feb. 18.—(INS)—The senate on Monday passed and sent to conference the one billion, 130 million dollar excise tax bill.

Adoption of a senate amendment holding that the 20 per cent tax on furs should not apply to certain fur-trimmed garments necessitated the measure going to a conference of the house and senate.

The measure previously was approved by the house. It will extend the wartime excise tax act for one more year from July 1.

The United States Army Quartermaster Corps has invited a match that will light readily after being in the water as long as six hours.

PIN-WORMS GO! New Treatment Gets Real Results

Don't let your child suffer the torment of Pin-Worms! Today, thanks to a special, medically recognized drug, a highly effective treatment has been made possible.

So watch for the warning signs, especially the embarrassing rectal itch. Get JAYNE'S P-W right away and follow the directions. These small, easy-to-take tablets were developed after years of patient research in the laboratories of Dr. D. Jayne & Son to act in a special way to remove Pin-Worms.

It's easy to remember: P-W for Pin-Worms!

"YOUR NEW CAR IS HERE!"

Fund For Cancer Control-Research, Will Be Sought

Expect State Health Department To
Ask Quarter-Million In
Pennsylvania

HARRISBURG, Feb. 18.—(INS)—The State Health department was expected to seek a quarter-million dollars from the legislature for cancer control and research.

Authority to subsidize clinics experiencing shortages of funds and to underwrite postgraduate training of doctors on a limited scale may be requested, according to department officials.

The State Cancer bureau currently may offer financial assistance only from a \$162,000 federal grant earmarked for purchasing facilities, providing salaries of trained personnel and scholarships for physicians interested in cancer treatment.

The general assembly allocated \$100,000 for administrative work when it re-established the bureau two years ago. State participation in combating cancer was suspended during the war following withdrawal of federal funds.

The state grant has been applied chiefly to establishing uniform cancer case records available to all hospitals, clinics and doctors in the commonwealth.

A survey of facilities and needs for detecting and treating the disease in all sections of the state has been undertaken. Questionnaires have been issued to 300 hospitals.

The bureau's aim was to aid the state medical society and Pennsylvania chapter of the American cancer society establish and equip detection centers as well as to bolster their educational activities.

A new federal grant similar to the present amount was anticipated.

The name of Toronto, Canadian city, is Indian in origin and means "a place of meeting."

"UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach
With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly.

What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pills right now. Take as directed. They gently and effectively "unblock" your digestive tract. This permits all 5 of Nature's own digestive juices to mix better with your food. You get genuine relief from indigestion so you can feel really good again. Buy Carter's Pills today. "Unblock" your intestinal tract for real relief from indigestion.

Stress Important Use Of First Aid Work In Community

Red Cross Chapter Will Enroll
Persons In Classes To Learn
First Aid Work

While it is true that the recent war gave great impetus to first aid training through the American Red Cross, and this work was one of the most important activities of the local chapter, the need for adequately trained personnel is almost as great in times of peace.

While the ever-increasing number of accidents despite the safety measures and devices employed, it is for all of us to seriously consider reviewing the study of first aid that we may be fitted to render assistance during time of need.

Many new methods have been put into practice in the last few months—methods effectively used during the war and all of these have been incorporated into the new first aid textbook which is available to all interested in the subject.

First aid instructors of Lawrence.
